Subject: RE: ED Letter re: Chicago Public Schools' Magnet Schools Assistance Program Continuation Award
Good afternoon, Mr. Botel.

My name is Rupa Ramadurai, and I am an attorney with the Illinois State Board of Education. One of our districts, Chicago Public Schools District No. 299, received the attached letter from you today.

I am reaching out to learn a little bit more on the rationale as to why the Department came to the decision it did, and any information you may have to help us and the district understand the decision. It was also not clear from letter how much funding has previously been provided under this grant. We are trying to understand the financial impact upon the district.

I would be happy to get on a call with you if that would work better. Please let me know what your preference is at your earliest convenient.

Warmly,
Rupa

Jason,

Please submit your accomplishments of that portion of your work for that portion of the fiscal year prior to Frank Brogan coming on board.

Please submit no later than COB on October 4. I will then use those accomplishments for preparation of a memo to hand to Frank for factoring into his overall rating for this past fiscal year.

I will also ask Amber to set up a review of that part of your work with me for sometime the week of October 8.

Thank you and please let me know if questions. Thanks too for your assistance on the Federal Partnership issue today.

Hi Jason and Ebony—

I hope that you both are well.

I am writing on behalf of TFA's CEO, Elisa Villanueva Beard who would like the opportunity to meet with you to provide an update on TFA's work in more than 50 regions across the country, and specifically how the Department's SEED grant has helped us achieve greater impact in our fight for excellence and equity in education.

In the 2018-2019 school year, we will have more than 6,700 corps members joining more than 52,000 alumni to create a network of leaders who are working inside and outside the classroom to improve educational opportunities for all children. Every day they are proving that with hard work, determination, and partnerships across the community, all students can achieve at the highest levels.

Elisa will be in Washington, D.C. on Tuesday, October 2nd and is available to meet between 10am and 4pm. I hope we are able to

Subject Meet: California School Leaders

Subject: California School leaders
Dear Secretary Brogan:
I am hoping you might be able to take some time to visit with a small delegation of school leaders from California who are enthusiastic about working with you on key administration priorities. I represent the California School Boards Association and the California Superintendents Association. Since the outset of the Trump Administration, we have been working with your colleagues at the Department and the White House on some of the President's key priorities including school safety, student-centered funding pilots and continued implementation of Federal law with an emphasis on local control. The Secretary has also been a strong advocate for cutting the bureaucracy local schools face when dealing with the Federal government.

We have had the pleasure of meetings with the Secretary and Jason Botel during these first two years of the administration and hope to see you during our upcoming trip to DC for meetings on October 2nd and 3rd. Please advise if your schedule might permit some time to visit with you.

As locally elected school board members, these leaders come from a management perspective that often competes with those in organized labor. The views of the administration on many issues are more aligned with CSBA's views than those of our labor counterparts. We appreciate everything you are doing to advance improvement and reform in the Department and in K-12 public schools nationally.

AMERICAN OVERSIGHT

Botel on what educational pluralism looks like and how our system of public education can benefit from it. Berner will share her expertise and research and discuss her book—Pluralism and American Public Education: No One Way to School—in which she advocates for a more pluralistic, publicly funded education system in the U.S., instead of the current uniform, state-operated system. There will be an opportunity for Q&A.

Berner explains:

"Our state-operated education system is held in place by three longstanding but mistaken beliefs:

• First, that only state schools can create good citizens;
• Second, that only state schools can offer equal opportunities to all children;
• Third, that any other arrangement is constitutionally suspect.

The evidence contradicts those claims.

What do we mean when we say 'public education? In the United States, public education refers to the system of schools that are funded, regulated, and delivered by the states—usually by the district school. This concept of public education in the U.S. is different from the scope and contents of public education in many other countries.

In most democracies, public education means schools that are funded and regulated, but not necessarily delivered, by the state. Berner contrasts the U.S. public education system with the diverse and government-funded schools in other democratic nations around the world, noting that the U.S. is an "outlier" and that, for example, "the Netherlands supports 35 different types of schools on equal footing." In fact, she states, the vast majority of democratic nations fund varied school types and models—whether Montessori, Islamic, or Inuit—as a matter of principle, and they hold all schools to a high academic standard.

Berner's defense for a pluralistic education system is philosophical and rooted in American principles of freedom and democratic ideals. While noting the limits of education pluralism and acknowledging that it is not the panacea for all of our educational problems, she says that it provides the critical space for education excellence, equity and many distinctive school cultures that enhance civil society. America's school systems are changing rapidly, and Berner believes that public education should shift to incorporate a pluralist approach, anchored in inclusive, accountable school choice. She also advises that today's policymakers need to understand the history of our uniform school system and the academic, civic and philosophical grounds for funding and regulating a wide variety of schools.

The opinions expressed in this briefing are the author's own and do not necessarily reflect the views of The Johns Hopkins University or The Johns Hopkins Institute for Education Policy.

Dear Colleague,

Per your interest, please feel free to join Maureen McLaughlin and me for a meeting with Baroness May Blood and others from Northern Ireland to learn about the Integrated Education Movement in Northern Ireland.

As noted in the attached document: "Parents create integrated schools, not government. Integrated schools seek to provide an inclusive and integrated ethos in the school as well as a religious and cultural mix of pupils from different backgrounds. Catholic children are supported and prepared for the sacraments. Protestant children undertake bible studies. Other world religions are also explored and celebrated. Integrated schools are not secular and encourage participation of different faiths in school life and festivals, as well as respecting those children of no religion."

Feel free to forward this to other ED colleagues who you think may

Hello, ED Leadership,

On Friday, October 12th, 2018, the Department will be hosting the National Association of Elementary School Principals' (NAESP) 2018 National Distinguished Principals (NDPs) at LBJ from 1:00 – 3:00 p.m. The National Distinguished Principals program honors outstanding elementary and middle school principals from across the nation, in both public and private schools, and overseas, for their exemplary achievements. It is very similar to CCSSO's State Teacher of the Year program. We anticipate about 80 external attendees (62 NDPs with the rest being NAESP's board of directors).

I would like to cordially invite you to join us for a coffee reception with the NDPs from 2:00 – 3:00 p.m. This will be an excellent opportunity to connect with leaders from the elementary and middle school field. As this is an hour long event, I invite you to come for whatever amount of time you may be able. The reception will be informal and will be set up in a meet & greet style.

The run of show for the event is as follows:

2-2:50 PM	Coffee Reception (Barnard Auditorium)
2:50-3 PM	Depart

I will attach a list of all external participants as soon as NAESP shares that information. Please let me know if you will be able to participate in this event. Feel free to reach out if you have any questions or concerns (b)(6)

(b)(5)

(b)(5) Below is the email I sent to the Hill on 12-21-17 summarizing the two issues. If this proposed time is not good for them, we will reschedule for a more convenient time. However, we hope to speak with them by the end of the first week in January in order to attain their sign off on these two matters. Everyone on this invitation is welcome to come but it is not necessary if you want to send only one or two individuals from your POC. Please do not forward to others without checking with me first.

Thanks. doris

We are writing to share two technical legislative matters we would like to clear with you for inclusion in the next CR.

Puerto Rico allocation issue.

(b)(5)

This week, we reached out to Appropriators again to renew our effort to correct this matter. (b)(5) (b)(5) (attached above). Appropriators asked that we reach out again to the House and Senate authorizers for sign off on the legislative remedy before they move forward with the proposal.

OVERSIGHT

Attached is draft legislative language to amend the Labor /HHS /ED FY '18 appropriations section of the next CR and a background document to provide detail on the issue and explain how we arrived at this point.

Briefly, you will recall (b)(5)
(b)(5)
(b)(5)
(b)(5) The proposed legislative language includes Title I, Part C as a prospective measure in the event Puerto Rico applies in the future for Part C funds .

(2) Magnet Schools Transportation issue.

(b)(5)

(b)(5)

Attached is proposed legislative language for the next CR to allow the ESSA language to be implemented for Magnet School grants.

(b)(5)

We will set up a call with you the first week in January to discuss both matters and identify concerns you may have. In the meantime, if you have questions or suggestions, we welcome your thoughts.

Jason,

Enclosed is an invitation to participate in a high-level, interagency meeting at The White House to discuss the priorities of the National Science and Technology Council (NSTC) with Deputy Assistant to the President Michael Kratsios on Thursday, January 25 at 9:30AM.

The NSTC is the Cabinet-level Council responsible for coordinating science and technology policy across the Executive Branch. As noted in the HYPERLINK "https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2017/m-17-30.pdf"OMB-OSTP FY 2019 R&D Budget Priorities memo, the NSTC is a critical tool in developing national R&D strategies and action plans to help maximize the coordination and planning of Federal R&D programs.

Your Department has provided substantial support and resources to the NSTC through the ongoing participation of your staff in the Council's working groups. I would like to invite you and another representative of your choosing to join us at The White House.

I have included a one-page overview regarding the NSTC and specific S&T topics. Please come prepared to share your Agency's top three S&T policy priorities that could benefit from interagency discussion and NSTC coordination. By Tuesday, January 16th, please provide your policy priorities to the NSTC Executive Director, Chloe Kontos (HYPERLINK "mailto:Fotini.C.Kontos@ostp.eop.gov"Fotini.C.Kontos@ostp.eop.gov).

Please RSVP for you and your agency representative to me by Monday, January 8th. A calendar invitation and WAVES link will follow.

Thank you! We look forward to seeing you in the new year!

Jason – (b)(5) Day 120 is Tuesday. We are down to two issues at this point. Issue two below can probably be worked out Tuesday but we are not sure they are there yet. Issue one below is more problematic and the state seems unwilling or unable to make a change. Our teams have had several conversations with the state over the past week. I joined today's call (b)(5) Is it possible to schedule a meeting early Tuesday morning to discuss the OH state plan? We can also provide an update on where things are with other states in process.

Per reference from Phil's email:
Jason and Carrie: Good morning. The meeting below was not on my schedule, but Kay forwarded it to me. Do you know the purpose of the call with the Puerto Rico Department of Education?

(b)(5)

(b)(5)

I would propose that we schedule a prep meeting with Jason and Bill for early Tuesday and reschedule the call with PRDE later in the day on Tuesday or on Wednesday.

(b)(5)

(b)(5) I am working on that with OMB, but I am waiting to hear back from OMB. So, it is likely that I would have much to say on the subject by tomorrow

In any event, we would recommend that tomorrow's call be rescheduled.

I am sorry if this causes any inconvenience, but we want to be responsive as possible. Please let us know if you have any questions. Thanks for your understanding.

Purpose: The Secretary would like us to quickly develop guidance about all the flexibilities that states have under ESSA; some of the other guidance topics OESE program offices have been considering could probably be folded into this. RE report card guidance, the Secretary wants us to be able to document that we received input from parents about it before we share it with her for her approval.

"Diversity is the one true thing we all have in common. Celebrate it every day." - Author Unknown

The Diversity and Inclusion Council's mission is to embrace and work to achieve a culture that promotes diversity among employees and supervisors of the Department; to encourage collaboration, flexibility, and fairness; and to leverage unique views throughout the agency so that all individuals are able to participate and contribute to their full potential.

Everyone,

OVERSIGHT

I invite you to join me in continuing our quest to attract, recruit, and retain a diverse and inclusive workforce that represents the people we serve, America's students. The first 2018 D&I Council meeting is scheduled for Thursday, January 18, from 1:30 – 3:00pm.

Under the new charter, each POC has a senior leadership seat at the table, for the POC leader or his/her SES designee. If you are unable to attend, please let me know who will be attending for you. We really need leaders with passion, creativity, and energy, to help us make a difference in 2018!!

Employee and Affinity Group Council Members,

Welcome back! I look forward to working with you as well as we kick off the 2018 season! Let's go!

The agenda, updated charter, and any other prep materials will be added to this invitation by Friday, January 12.

Thanks in advance for your commitment and support,
Denise

UPDATE: TIME CHANGE - Chris brought up the point that the group should have a few minutes to pre-brief on this call, before we are joined by the Indiana stakeholders. Due to time constraints, it may just make sense to have the group get together at 8:30ish to review the attached material.

Sequence of Events:

8:30-9:oo a.m. U.S. Department Pre-briefing

9:00 – 10:00 a.m. Call with Indiana stakeholders.

Conference Line Details:
Call-In #: (b)(6)

Passcode (participants): (b)(6)

Good Morning Everyone,

Indiana State Rep. Behning's office has requested a phone conference between Indiana's state education leaders and the Department. The folks in Indiana would like to use this time discuss the draft legislative language they have submitted to the Department regarding the general diploma/graduation rate issue. I have attached the draft legislative language to this email so that the group can review before this upcoming meeting. (b)(5)

(b)(5)

While we have provided cursory feedback to IN, via Chris and myself, the Indiana leaders would like the opportunity to ask questions, including:
Asking the Department to further describe any feedback regarding the alignment of the state's general diploma to state standards/requirements

(b)(5)

OVERSIGHT

(b)(5)

While I do not yet have names of all of the participants, please find a list of the Offices who may be involved in this call below:

IN Stakeholders: (UPDATED)
Representative Behning
Representative Huston
David Buyze, House Republican Staff
Danny Kelley, House Republican Policy Director
Senator Kruse
Senator Raatz
Zack Eckert, Senate Republican Staff
Andy Bruner, Senate Republican Policy Director

Lee Ann Kwiatkowski, Chief of Staff, IDOE
P.J. Mcgrew, Governor Holcomb's office

Lastly, while I saw that some of you may have potential holds on your calendars for this time, please make every effort to attend this meeting if possible. Jason, even if you can attend for even just the beginning of the call, I think that would be useful.

Thank you all again for your time and I look forward to seeing you all tomorrow.

-Cody

Looking for appropriate, strategic expansion
Both of these are going to be constantly updated and steadily relevant. :)

May I also follow up closer to our meeting with anything else? For example, we are working on the establishment of (b)(5) (b)(5) and will have some details regarding this and related efforts forthcoming.

Our HYPERLINK "https://docs.google.com/spreadsheets/d/1Cv6llhyrR F17IHNRDzd5-knjR1sZZh6IQK4QT5oI1js/edit"roster (Board and Steering Advisory Group; SAG) has swelled, and with several key UC leadership from our SAG we are exploring the potentials for a proposed "Center for Disaster Research and Preparedness" as a multicampus administrative entity of the UC. Meanwhile, members of my Board are working our HYPERLINK "https://docs.google.com/document/d/1aZfgttTsCOAtT QBu_Mihk2ueXMFFwz4QJyDq_TaLiZw/edit"Concept Note into a 1-2 pager for outreach and key solicitations.

1. ED senior level political employees have in the past served in this role.
2. One allowable use of SSAE program funds (see ESEA Sec. 4108 (5)(D)), is training for school personnel on suicide prevention.
3. OSHS SERV grants have been used by districts to respond to student suicides that disrupt the learning environment.
4. OSHS has a fact sheet online that can serve as resource for schools on this topic, and is also a good introduction to Federal resources.

Importance: High

Hello SharePoint Customers,

Please be aware that the SharePoint work that was previously scheduled for last weekend has been rescheduled to be performed this weekend starting on Thursday, February 1st at 9:00 PM through Sunday, February 4th at 12:00 AM. As previously noted in communication last week, this work is critical for the SharePoint platform host as they are in the process of moving to Next Generation Data Center (NGCD) where SharePoint will reside.

We apologize for any inconvenience this may cause for you and your staff on Friday, 2/4th and we ask that you complete all work in SharePoint prior to the planned shutdown time on Thursday, 2/1 @ 9 pm EST. An OCIO Alert was sent out, however I recommend that you communicate this to your office staff that may be impacted on Friday.

As always we appreciate your patience.

The NSTC Summit has been moved to Thursday, February 1, 2018 at 2:00PM ET. (Note, it was previously scheduled for Thursday, January 25 at 9:30AM ET.) Apologies for any inconvenience!

We will be in the EEOB, Room 350. Please fill out your WAVES information here (https://events.whitehouse.gov/?rid=XVW64CFM2G). The Visitor's Entrance is at 17th Street and State Place.

I will circulate a calendar invitation shortly. Please let me know if you have any questions, and as a reminder, please send your three policy priorities to Chloe Kontos (HYPERLINK "mailto:fotini.c.kontos@ostp.eop.gov"fotini.c.kont os@ostp.eop.gov, also copied here) as soon as possible.

Thank you all for your patience! Again, please don't hesitate to send any questions to me or Chloe. We look forward to seeing you on February 1st.

The NSTC is the Cabinet-level Council responsible for coordinating science and technology policy across the Executive Branch. As noted in the HYPERLINK "https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2017/m-17-30.pdf"OMB-OSTP FY 2019 R&D Budget Priorities memo, the NSTC is a critical tool in developing national R&D strategies and action plans to help maximize the coordination and planning of Federal R&D programs.

Your Department has provided substantial support and resources to the NSTC through the ongoing participation of your staff in the Council's working groups. I would like to invite you and another representative of your choosing to join us at The White House.

I have included a one-page overview regarding the NSTC and specific S&T topics. Please come prepared to share your Agency's top three S&T policy priorities that could benefit from interagency discussion and NSTC coordination. By Tuesday, January 16th, please provide your policy priorities to the NSTC Executive Director, Chloe Kontos (HYPERLINK "mailto:Fotini.C.Kontos@ostp.eop.gov"Fotini.C.Kont os@ostp.eop.gov).

Please RSVP for you and your agency representative to me by Monday, January 8th. A calendar invitation and WAVES link will follow.

Thank you! We look forward to seeing you in the new year!

Q&A

Session description

Speakers in this session will discuss the challenges and future of PreK-12 STEM education and how current policies are forming it. The discussions will also include the critical issues concerning diversity and underrepresented minorities in STEM education. It is hoped that the presentations in this panel will provide the deans compelling evidence and guidance on the need for developing K-12 engineering programs to prepare the innovative and skillful technical workforce of future.

Speakers

1. Jan Cuny, NSF

Focus on computer science and diversity. She will use slides, will speak for 15 minutes, with another 3-5 minutes of q/a

2. Greg Pearson, Scholar, K-12 Engineering Education and Public Understanding of
Engineering, NAE

My understanding is that he will not use slides. Focus on the future of PreK-12 engineering education and how current policies are forming it, including discussion of relevant NAE/NAS reports.

3. Jason Botel, Principal Deputy Assistant Secretary, Department of Education

Challenges in elementary, secondary and high school education. Responsibilities of state vs. federal government. Steps being taken by Department of Education to promote STEM education. No slides.

Questions to Panel

1. The key question then is what should engineering schools be doing to help address the challenges of US education at the K-12 level?

2. Is the US losing its competitive edge in terms of attracting and training engineers and computer scientists?

From Nancy Montoya at Treasury
Carrie,

Thanks for sharing your time Tuesday to discuss the upcoming merged meeting.

I'm attaching an informal list of key bullet items for discussion at the February 7th meeting. This document will be used only to guide the briefings for our Treasurer (and, I'm assuming, incorporated into your briefing efforts.)

Sometimes it's easier to react to a document than create from new, so we're sending it over for your comments.

Also, I'm updating the work plan/proposed agenda for the K-12 convening. Expect this shortly.

Cheers-

Nancy

Show Time As Tentative

Dear OESE supervisors and managers,

Thank you for holding this date/time. See additional updated information below for the session Eric Collier, President, Bottom Line Solutions (BLS), will present.

Note there is a 360 assessment requirement associated with these two half day sessions. Jason, Lisa and Mark have determined that participation in taking the Leadership Practices Inventory (LPI) 360-degree assessment, as well as the two, half-day sessions (Tuesday, February 12, 2018 and Thursday, March 22, 2018) will be mandatory

AMERICAN OVERSIGHT

for all. Instructions with a final due date for completion of the LPI 360 will be forthcoming. You will likely have a 2 week period to complete your own assessment and the people you select to rate you will have 2-3 weeks to complete their assessments. We will need to get this information to Eric in time for the first session in February.

Please see the attachment and link below for more information about how all this will all come together. The attachment also includes some pre-work (videos) which will require less than an hour of viewing time from you, in advance of the February session.

Leadership that Improves Performance

Research shows that the Emotional Intelligence (EI) competencies of Self-Awareness, Self-Management, Social Awareness and Relationship Management far more important to a leader's and therefore an organization's success, than technical skill. Improvements in an organization's performance are largely dependent on its leaders' ability to coach and develop staff so that they are able to work independently; take risks in demonstrating initiative and creativity; and are accountable for their performance, results and personal development. Given the nature of the coaching relationship between leader and staff, EI competencies are foundational to being an effective coach and developer of people.
Emotional Intelligence is born largely in brain regions that govern our feelings, impulses and drives. Since everything we do is dependent upon the way our brains work, understanding how the own brain works is one key to increasing Emotional Intelligence and the capacity to improve staff performance. Research in modern neuroscience and the scientifically validated use of mindfulness practices provide a clear path to continuous improvement in EI and leader effectiveness.

AMERICAN OVERSIGHT

Learning Objectives:
§ Learn how to capitalize on the way the brain works to increase effectiveness in all phases of your leadership responsibilities.
§ Learn to use your talent, knowledge and experience with greater precision to achieve positive results in situations that in the past you may have found challenging and stressful.

NOTE: To achieve results from this workshop, participants must perform the pre-work and structured practices after sessions so that the learning sticks and productive habits are created and take hold. The work of the workshop is designed to take advantage of the way the brain learns making participation and practice, before, during and after the sessions essential to maximizing results from the workshop.

Good morning Jason,

(b)(5)

or more of the following:

1. Have a site on our website that speaks to this issue.
2. Have FAQs on the issue.
3. Have a link to the PRDE SRX for States to access.

If you would like to discuss anything in more detail, I would be very happy to talk to you in person. Just let me know.

Thank you again for the opportunity to visit with PRDE and speak to them about the SRX and how it can help students graduate.

Sincerely,
Pat

****

Please see the following about the launch of the SRX which I received last week (2/9/2018) via email :

Let us know if they approve to add that link to our page from the

OVERSIGHT

USDE because that definitely is going to help us launch in a more massive way.

Florida is the other state, and Wisconsin just contacted us (yesterday).

The kick-off dates are presented in the table below. After the kick-off sessions they should have all the information, plus comfortable enough to launch their own schools.

State and Contact Person Date Comments
Florida (Shawna Reid) 2/9/2018 @10am
New York (Juan Vargas) 2/12/2018 @10am
Pennsylvania (Roberto Datorre) Towards the end of next week Confirming specific date and time
Massachusetts (Helene Bettencourt) Towards the end of next week Confirming specific date and time
Wisconsin (Rebecca Vail) TBD We were just contacted yesterday, but they can join in the full roll-out with the rest of the states.
Rest of the states Week of the 19th This date will also depend on the formal communication announcing the roll-out of SRX, which we are working on.

Jessica and Kay were both on the full call and may have additional detail to provide. Melissa and Chris Barlow were both on the first half hour of the call. I'm happy to be part of a meeting to discuss next steps, but do think we need higher levels of leadership to be on the next call with the State.

The deliberative memo was up to date going into the call on Wednesday to discuss our feedback we would provide to the State. Denisha,

My thought is that you and your team would simply do a "cut and paste" of content from the publication on the SharePoint site, as there is much more information in the publication than you are including on the Choice website. So, for example, for all your headings: Public School, Private School, Paying for School, etc., just cut and paste the summary descriptions from the publication into your web content document. Then, we could all review the revised Choice website document before you submit it into the Exec. Sec. clearance the process. Happy to discuss this with you offline.

At the same time, it might also be worthwhile to bring everyone together to discuss any initial ideas or general recommendations concerning the Choice website draft document.

Also, including Jim Mould who supervises ED's web team to ensure that all appropriate protocols/processes are implemented.

Good morning,

Last week, I had a meet with the PPSS webpage development team. From that meeting it was decided to make a simpler webpage in home and a full website later. Attached you'll find content for a website and 3 options of a much simpler webpage.

Please take a look at the content and provide feedback. This version is different from the one I shared previously. I've included some of the information from the booklet "Choosing the Right School for My Child" by ONPE. After, you provide feedback , I will send to the editing team then PPSS to create a draft webpage.

Deadline: Friday, December 15th

Colleagues,

As we consider ED's work on the choice issue, I wanted to also let you know about a recent GAO Final Report -- Private School Choice Accountability and Transparency Study (attached), which includes a

AMERICAN OVERSIGHT

recommendation for the Department of Education to "review and correct inaccurate IDEA-related information provided by States" on their school choice websites. I have looped in Ruth Ryder, Acting Director, Office of Special Education Programs, who is managing the Department's response to the GAO final report. Ruth can provide more details concerning this report as well as other helpful information.

<< File: 1962_001.pdf >>
I also wonder if it might be helpful to consider who else in the Department should be involved in this initiative moving forward.

Subject: RE: MEET: Choosing School For Your Child Tool

Colleagues,

Just a quick follow up to our meeting on November 27 to discuss the publication – Choosing a School for Your Child.

I trust you all have received the email I sent giving you access to the SharePoint site where the publication is posted. If you are having any problems, please let me know.

In addition, I spoke with Jackye Zimmermann (cc'd on this message) regarding use of the content from this publication on a new department website for choice. In short, any excerpted content would have to be reviewed and cleared through the formal Exec. Sec. clearance process and, then, reviewed by OCO's editorial team. Before any content can be published on ED's website, it must be made 508 compliant. OCO has staff who could do that. Also, for web design, you will want to reach out to Jim Mould in OCO who supervises the web team to ensure that all appropriate protocols/processes are implemented.

AMERICAN OVERSIGHT

Finally, I am reminded of one of Secretary DeVos's early and significant actions regarding OSERS/OSEPS' website and her directive to immediately revise/revamp/refresh and eliminate dead URLs and out-of-date information, noting that she would not allow for any such neglect or complacency in keeping ED's websites up to date under her tenure. I raise this only to emphasize the critical need to address every aspect of building, managing and sustaining an up-to-date and informative website on choice. I think discussion with others from OCO is key, particularly considering state input and quality control.

Hope this is helpful.

Hello Jason

I hope this email finds you well – I'm sure it finds you busy!

We met last June, when I brought formerly homeless students to meet with you to discuss their educational challenges and their successes. It was a great experience for our students, and a few of them even wrote about it, HYPERLINK "https://www.schoolhouseconnection.org/on-being-noticed-feeling-safe-and-finding-strength-in-community/"here.

I'm writing to see if you might have time for a short meeting. I'd like to brief you on a new national campaign to improve high school graduation rates and post-secondary attainment for children and youth experiencing homelessness. Much of the campaign will focus on implementing the excellent new provisions for homeless students in ESSA. We will be joined by three other national organizations on the campaign, including America's Promise Alliance and Civic Enterprises.

OVERSIGHT

The launch will be the opening night of SXSW EDU.

In addition, we are close to finalizing details of a national Governors Challenge on Student Homelessness, in partnership with the National Governors Association, which we hope to announce at the campaign launch.

Lastly, I'd also like to share some thoughts about current inter-agency collaborations, particularly with respect to HUD and HHS.

Thanks very much for considering this request!

Take care,
Barbara

Do you want to meet to discuss these issues before transmitting to CO?
Do you want to be the person to transmit to CO?
Or both?

Below is a visual representation of the business rules described in the attachment. These are the combinations of color-coded performance levels that yielded approximately 5 percent of Title I schools based on Fall 2017 Dashboard data.

Table 1: Title I Schools Included under Business Rules

Under the business rules, schools with multiple Red indicators are identified for comprehensive support except when their inclusion would result in more than 5 percent of Title I schools. These schools are not identified only because their performance on the remaining indicators is relatively better than other schools with multiple Red indicators.

The purpose of this gathering is to offer meeting attendees the opportunity to informally connect with each other in advance of the busy EXCOM meeting the next day. The Secretariat and Action Alliance Co-Chairs will be in attendance and we look forward to connecting with you in-person.

Please accept this invite if you plan to attend so we can plan accordingly.

Danny Carlson and I went ahead with today's call, as I'm traveling next week and didn't want to lose the opportunity. Danny provided some really good information that I'll share here. Then, I'll leave it to you two as to whether an additional call for next week is needed; if so, Danny's of course happy to do it.

NAESP/NASSP Nat'l Leaders Conference begins Monday, March 12th, and runs through Wednesday, March 14th, which is their Hill Day. Both orgs meet individually all day Monday until lunch on Tuesday, and Tuesday afternoon is their joint session. Below is the link to NAESP's agenda (from Danny), which will give you a sense of the other scheduled speakers.
Jason will be speaking to 170 NAESP members, the vast majority of whom are building principals; 25 -30 of these principals also serve as federal relations coordinators for their State-level affiliates, and

OVERSIGHT

another 25 -30 are State-level affiliate exec directors (who are not currently building principals).
Danny Carlson, Assistant Executive Director of Policy and Advocacy, will introduce Jason at the beginning of the hour-long session. They envision Jason speaking for 15 to 20 minutes, followed by 20 to 25 minutes of Q&A from Dr. Earl Franks, NAESP Executive Director, then Dr. Franks will moderate audience Q&A for Jason for the remainder of the one-hour session.
Danny will send over those topics/issues that Dr. Franks will raise with Jason, on Wed or Thurs of this week.
In general, from Jason's position as a former principal, they'd like to hear more about his experience as a principal, and how that has shaped what he believes are good Federal policies from a school leader's perspective, including how that has influenced his decisions made around ESSA implementation.
Relatedly, his perspective on the principalship itself, and the evolving role of school principal since the NCLB days up until now with ESSA (which they believe more fully recognizes the role of principal as instructional leader).
Lastly, as this is an advocacy conference, what are Jason's thoughts about advocacy in general, and what does Jason feel that it means for a principal to act as an advocate—both for the profession, and for schools and education in general? Obviously, there's the funding piece, but beyond advocating for additional dollars.

I shared with him that Jason did address his experience in Baltimore a great deal at this Leg Conference last year (which Danny wouldn't know as it was before his tenure at NAESP), and that he spoke at a joint NAESP/NASSP session, specifically noting the good work NASSP does in the area of principal training, particularly for new principals that Jason made sure to point out was useful for him when he was a KIPP school leader.

Purpose: Current status of Nebraska's ESSA plan
Per Matt Blomstedt's email -----
"It was good to see you this week. I appreciated the opportunity to

OVERSIGHT

hear you speak at NASBE and the opportunity to connect your message to our important work in states to best align state efforts with the intentions of ESSA. That was helpful and such a message that I believe would be received well by my peers across the country. At least in Nebraska's case, we are balancing the important objectives of ESSA with the important engagement of local and state stakeholders in ensuring that ALL Nebraskans are prepared for learning, earning and living. Your message is one that resonated well with me and I hope you can share that or similar sentiments with other state led organizations such as CCSSO.

I am also writing to follow-up with a few of the next steps the Nebraska ESSA plan team will take in response to the most recent written feedback on Nebraska's ESSA plan as well as share a few of the contextual elements specific for Nebraska's next steps in implementation. I appreciate the ongoing efforts to ensure Nebraska and other plans meet the statutory requirements and Congressional intent of the Every Student Succeeds Act. I think we share the concerns you expressed of truly building a system that ensures every student succeeds as well as a system that recognizes the vision at a state level.

Our Nebraska context includes the need to move forward with implementation that will include establishing business rules that finalize elements of the implementation plan. I projected that in order to accomplish all of the work we needed to have plan approval in the 120 day window with essentially a month of leeway. As of today we are past the month of leeway leaving a very tight schedule for implementation that will need to include final decisions by our Board and agency. I am concerned that if we are not able to move forward with business rules by April, I will not be able to implement major provisions of ESSA in a timely and appropriate manner. Additionally, because Nebraska has elected to use a singular system of accountability we are also leveraging state authorities and the Federal plan together to be as aligned, powerful and efficient as possible. Again, this continues to be important to me well beyond the context of ESSA.

I think the USDoE and those who worked so hard to create ESSA should be proud of the type of alignment that is taking place in Nebraska and other states. For instance, Nebraska's most powerful regulatory authority is accreditation. We have worked very hard to align this rule with public schools to embed ESSA and state accountability together. Although our ESSA plan does not describe all elements of these connections, it provides a significant portion of the "fuel" that will drive our system of accountability, support, and improvement. As such, I admit that I am anxious to see our plan approved. I would be excited to have you visit Nebraska as I mentioned last Fall as we are building something that really focuses on the proper balance between Federal, State and Local accountability. I'm also impressed by and learning from the national conversation. We have been intentional to build a research based approach to school accountability, support, and improvement that

AMERICAN OVERSIGHT

leverages the whole Nebraska education system to assist schools and districts that might otherwise lack the capacity to improve. Additionally, we are intentional about focusing leadership and having very direct conversations with schools and districts that do not seem to be making progress.

Our recent identification of a priority school that is demographically transitioning due to the meatpacking industry that relies on immigrant populations from all over the world is an example of how every single student in Nebraska is driving our decisions about resource allocation. We have done the same in Native American schools, Urban poverty, and rural declining communities as well. No time in Nebraska's history has this equity agenda been so prevalent. Yet, I tell you I want to do much more. I'm heartened and even emboldened by the discussions this week with Sen. Alexander and my own representatives of being even more certain about our equity agenda. Although our plan is intended to establish such a frame, we will be adding an element that further demonstrates that commitment to ensuring every student succeeds and that every student subgroup is clearly a responsibility of school districts.

With this in mind, I want to also let you know our team will respond in writing to the most recent feedback from your team by next Thursday. They will schedule a webinar to present the whole context of the AQuESTT system of accountability and an overview of our ESSA plan in context of our State plan by March 21st. I would ask you to consider putting a priority on the Nebraska approval process so as we can have an approved plan by March 28th as that will give me less than a week to complete necessary updates to the State Board and preliminary business rules to be published so we have that complete for our notification processes in time for a May policy action item before the State Board to revise our accreditation and accountability rule.

If you do not believe we can meet this timeline, I will need to know as soon as possible to develop a contingency plan that will disrupt our intentions of a well aligned system of accountability, support, and improvement. In this case, our Federal plan would no longer be aligned and leveraged against accreditation and would lack the "teeth" that we envisioned and that our Governor had also asked that we consider in state policy and regulation. Given that over 90% of funding is state and local and that under 10% is Federal, the authority we exercise together and in alignment is a much more powerful approach to accomplishing the goals of the Every Student Succeeds Act. It also highlights a partnership that I believe was envisioned by the authors of the law and a much more effective use of resources overall.

Thank you for your service and attention as I know you have many pulling on you. I believe we are close to having the questions addressed and look forward to our future dialog. Please let me know that you have received this and I will also have my team reach out to our contacts at USDoE to finalize our efforts in plan approval. "

Potential Q&A:
Clarify ED's thoughts on fiscal transparency requirement
Will ED address ESSA's supplement not supplant provision through guidance or some other means?
TSI and ATSI — how does the Department view these two categories of schools and how states should address
Timeline for remaining state approvals
Will the Department be releasing any guidance docs related to ESSA implementation? If so, when and on what topics?
How are states addressing principal leadership under Title II, including the optional 3% set-aside?

Answers for CSI, TSI, and ATSI:
Comprehensive support & improvement (CSI): any school that is performing in the bottom 5% of all schools based on all indicators in the state's accountability system, which must be identified by the beginning of SY18-19 and at least once every three school years thereafter; OR any high school that is graduating fewer than 66% of its students;
Targeted support & improvement (TSI): any school in which any subgroup of students is "consistently underperforming" as defined by the state and based on all indicators in the state's accountability system; must be identified by the beginning of SY18-19 and run annually thereafter (although identification may be based on multiple years of data)
Additional targeted support & improvement (ATSI): any subgroup performing at or below the performance level of the bottom 5% of all schools; if school fails to exit this status within state-determined number of years, the school must be identified for comprehensive support & improvement; ATSI schools must be identified by the beginning of SY18-19 and run annually thereafter (although identification may be based on multiple years of data)

Contact Danny at is is 612-799-3411 when you get to the event – he will escort you.

During our meeting with Jason, we invited him to join NAESP's National Leaders Conference (NLC), which will be held March 18-21 at the Renaissance Arlington Capital View Hotel in Arlington, VA (https://www.naesp.org/national-leaders-conference). The convening gathers nearly 200 elementary and middle-level principal leaders from across the country to sharpen their leadership skills and advocate for schools on Capitol Hill. Jason indicated he'd be interested in participating. We'd love if he could join us for an hour during the 8:00 a.m. – 9:30 a.m. block on Tuesday, March 20.

Presentation Overview
Provide a general presentation related to what elementary and middle-level principal leaders need to know about the Department's ongoing work/projects, etc. The presentation would be followed by a sit down Q&A with Danny or Earl to include Q&A time with principals. This presentation could be similar to the one he did for the CCSSO convening in St. Louis.

Email from Karen on 3/5 discussing event details with Danny –

"NAESP/NASSP Nat'l Leaders Conference begins Monday, March 12th, and runs through Wednesday, March 14th, which is their Hill Day. Both orgs meet individually all day Monday until lunch on Tuesday, and Tuesday afternoon is their joint session. Below is the link to NAESP's agenda (from Danny), which will give you a sense of the other scheduled speakers.
Jason will be speaking to 170 NAESP members, the vast majority of whom are building principals; 25 -30 of these principals also serve as federal relations coordinators for their State-level affiliates, and another 25 -30 are State-level affiliate exec directors (who are not currently building principals).
Danny Carlson, Assistant Executive Director of Policy and Advocacy, will introduce Jason at the beginning of the hour-long session. They envision Jason speaking for 15 to 20 minutes, followed by 20 to 25 minutes of Q&A from Dr. Earl Franks, NAESP Executive Director, then Dr. Franks will moderate audience Q&A for Jason for the remainder of the one-hour session.
Danny will send over those topics/issues that Dr. Franks will raise with

AMERICAN OVERSIGHT

Jason, on Wed or Thurs of this week.
In general, from Jason's position as a former principal, they'd like to hear more about his experience as a principal, and how that has shaped what he believes are good Federal policies from a school leader's perspective, including how that has influenced his decisions made around ESSA implementation.
Relatedly, his perspective on the principalship itself, and the evolving role of school principal since the NCLB days up until now with ESSA (which they believe more fully recognizes the role of principal as instructional leader).
Lastly, as this is an advocacy conference, what are Jason's thoughts about advocacy in general, and what does Jason feel that it means for a principal to act as an advocate—both for the profession, and for schools and education in general? Obviously, there's the funding piece, but beyond advocating for additional dollars.

I shared with him that Jason did address his experience in Baltimore a great deal at this Leg Conference last year (which Danny wouldn't know as it was before his tenure at NAESP), and that he spoke at a joint NAESP/NASSP session, specifically noting the good work NASSP does in the area of principal training, particularly for new principals that Jason made sure to point out was useful for him when he was a KIPP school leader."

All, this is a pre meet for a call Toomey has requested to discuss how the Department is ensuring States are meeting the requirements of Sec. 8546. Toomey calls this the "pass the trash" provision and it was something Toomey fought hard to include in ESSA. Originally, he wanted to know whether we required an assurance specific to this provision in state plans. OLCA has already told the staff the generic answer of "every plan that is approved must meet all requirements" but they want a call for additional information. Basically, this provision is Toomey's baby, and he wants to know that we/states are taking it seriously. The internal question for the group is what, if anything, would we want to do to ensure states are meeting this requirement? We have not highlighted other provisions of ESSA, but is this different because, as Toomey points out, many states do not have applicable laws on this issue?

Questions from Toomey:

1. We understand that ED is currently considering different options for monitoring state compliance with ESSA. We would like to know how ED plans to oversee the implementation of ESSA's "pass the trash" provision. Only a handful of states have laws or policies that prohibit the practice of passing the trash.

2. We understand that ESSA's "pass the trash" provision may fall under the jurisdiction of multiple programs at ED (for example, the Office of Civil Rights (OCR)). We would like to know who at ED is responsible for implementation of the "pass the trash" provision of ESSA.

OVERSIGHT

3. Our understanding is that 17 states have not yet received ED approval of their ESSA plans (CA, ID, UT, AK, CO, NE, IA, OK, TX, MS, AL, KY, VA, NC, SC, RI, and FL). We would like to know whether ED is going to require these states to provide an assurance with their ESSA plans that they are in compliance with Sec. 8546 of ESSA.

Meeting Name: Meet with Lisa and Sylvia
Purpose: To discuss preschool early learning essentials website and memo
Location: Conference call --- Sylvia has not been cleared by her doc to come into the office yet. She will be calling in.

Per Jason's email ---
Damaris, please find time for Sylvia Lyles, Lisa and me to discuss this

Lisa, I would appreciate if Sylvia could be prepared to show me the website when we meet about this. Also, I recommend you have the appropriate person from OCIO in this meeting as well

Nate, please see attached. not sure whether you want to have someone from OCO in this meeting with us. I know about a year ago you were involved in conversations about getting our many different websites housed in one place; I am not sure whether OCO is still involved in those conversations

Thanks!

Zinke challenges DeVos over withholding of American Indian education funds
By Kimberly Hefling
04/03/2018 05:01 AM EDT
Interior Secretary Ryan Zinke and Education Secretary Betsy DeVos are butting heads over $1.6 million in federal funds meant to help administer American Indian schools, some of the lowest-performing in the nation.
In a HYPERLINK "https://urldefense.proofpoint.com/v2/url?u=http-3A__go.politicoemail.com_-3Fqs-3Dd614fc8ec9b7615df0ec7f19670a1d0c742433d50943005bc00941a661ff4c25da7d8329d042a83d2de2a27e60da8d8f&d=DwMCAg&c=L93KkjKsAC98uTvC4KvQDTmmq1mJ2vMPtzuTpFgX8gY&r=HrrxzA_Z4tZZiaYQTTahPrmjuAlgp5eUSNyQPN-G-cA&m=IU6_dpRTvngg7dAvHUkL4KzENczOilhuF7sCMP-TVEk&s=qA7Pm3p1mLjnKHjmh-uB0OSiVM_h7UQMGSHMZg4IpOw&e="letter to DeVos obtained by POLITICO, Zinke charges that the Education Department appears to be acting "not in the best interests of our students" and placing the Bureau of Indian Education's payroll at risk by withholding $1.6 million from Interior. Zinke in the March 22 letter also questions the Education Department's legal authority for holding back the money.
The tangle between the two agencies involves both a 2015 education law and federal money for schools serving low-income students, known as Title I funding. The Education Department sends Title I money as well as other funding to the Bureau of Indian Education, which is part of Interior.
The Bureau of Indian Education operates some of the nation's lowest-achieving schools. Its challenges date to the 19th century, when Native American children were sometimes forcibly removed from their homes to attend boarding schools.
Today, the bureau oversees more than 170 schools in 23 states, primarily on Indian reservations often in remote, impoverished areas. Last year, the GAO deemed it a "high-risk" agency because of safety issues in school buildings and problems with spending oversight.
The $1.6 million in Title I administrative funding was withheld by Education when the bureau did not meet an Oct. 2 deadline to appoint members to a negotiated rulemaking committee, according to a letter from an Education official also obtained by POLITICO.
That negotiated rulemaking committee is charged with helping the bureau develop a "state plan" required under the Every Student Succeeds Act. The 2015 law requires states to develop plans for holding schools accountable for student learning and progress, among other things.

AMERICAN OVERSIGHT

In addition, Interior did not submit a detailed timeline for its rulemaking process, the March 5 letter from the Education Department says.

It was signed by Jason Botel, the acting assistant secretary in the Education Department's Office of Elementary and Secondary Education, and sent to Bureau of Indian Education Director Tony Dearman.

Because Interior did not meet the deadline, the Education Department withheld the $1.6 million.

The Education Department has also invited tribal leaders to a tribal consultation on April 22 in Albuquerque, N.M., because it says it wants to hear from tribes about how the $1.6 million should be spent, and more.

The question, says a HYPERLINK "https://urldefense.proofpoint.com/v2/url?u=http-3A__go.politicoemail.com_-3Fqs-3Dd614fc8ec9b7615d7820d173c946380c657b92d59f36cf21573238c0685dea46c2eb639ac24ce5db4551016b103f15e8&d=DwMCAg&c=L93KkjKsAC98uTvC4KvQDTmmq1mJ2vMPtzuTpFgX8gY&r=HrrxzA_Z4tZZiaYQTTahPrmjuAlgp5eUSNyQPN-G-cA&m=lU6_dpRTvngg7dAvHUkL4KzENczOilhuF7sCMP-TVEk&s=RN5LQCUcT7j7YusTFNXycyduj9ZCt7jZbyS8oYr10Kk &e=" flier announcing the event, is "on whether we should direct the use of those funds in supporting BIE in meeting its obligation to conduct negotiated rulemaking in a timely manner and in improving BIE's implementation of Title I."

"If not, what suggestions do you have for how to ensure the funds are best used to support low-performing and low-achieving schools?" asks the flier. It also says the department is coordinating with BIE and the White House Initiative on American Indian and Alaska Native Education.

The flier says Education in addition is seeking input on the use of funds for Indian education from other federal programs, such as Part B of the Individuals with Disabilities Act, which assists students with disabilities.

But Zinke said in his March 22 letter to DeVos that he's been told that the Education Department "does not have authority to redirect BIE funds or to pursue Tribal consultation on how it should redirect BIE funds."

He said that the BIE had submitted the names of nominees to vet for the rulemaking committee on Oct. 26, and the BIE is making progress toward completing the negotiated rulemaking process and corrective actions. Zinke said his agency is willing to work with DeVos' agency moving forward.

"Accordingly, BIE has completed the required action and ED may not have legal authority for continuing to withhold the funds," Zinke said, referring to the submission of the nominees' names. "The ED's refusal to release the funds has placed BIE at risk for failing to meet its payroll obligations."

Faith C. Vander Voort, a deputy press secretary at the Interior Department, said in a statement: "The Bureau of Indian Education values its partnership with the U.S. Department of Education and looks forward to continuing to work together to meet the needs of its

students. Secretary Zinke believes our native children deserve the very best, which is why the Secretary is excited and encouraged that the President's plan to modernize American infrastructure prioritizes rebuilding Indian schools."

In turn, Liz Hill, an Education Department spokeswoman, said in a statement that the Education Department is "committed to collaborating with the Department of the Interior to ensure that BIE students have access to the great education they deserve. We look forward to working with Interior to make sure BIE is able to use Title I administrative funds to come into compliance with ESSA for the benefit of all BIE students."

Botel, in addition to notifying Dearman about the Education Department's decision to withhold the funds, also complained in his letter that the BIE has failed to annually provide interventions and supports for schools identified as needing assistance. Botel said the bureau has also failed to provide a new list of its lowest-performing schools since the 2010-2011 school year — issues that were also spelled out for tribal leaders in the consultation notice.

DeVos has long been a proponent of school choice measures, such as charter schools and vouchers. Reflecting that, the notice to the tribes said that the Education Department is also seeking input during the consultation on how "we or the BIE could help increase access to educational choice for students in Tribal communities."

"We would be interested in hearing your perspective on the opportunities that could be developed using such a priority, including charter schools, long distance learning, course choice, education scholarship accounts or other educational choice opportunities," the flier said.

Some congressional Republicans have also pushed for choice-friendly measures for BIE schools. Sens. PURPOSE:
The purpose of this meeting is to address follow-up questions from leadership in regards to the March 28, 2018 Quarterly Performance Review (QPR). Below you will find the questions. Please review these questions and be prepared to answer them at this meeting. We will send additional information as an attachment to this calendar invitation later this week. Please forward this invite to additional individuals you would like to participate in this session. We selected attendees based on objective leaders and deputies, as well as people we worked with during the development of metrics.

QUESTIONS:
During the QPR, you spoke of high expectations and appropriate supports for each child – please provide 1-2 examples.
What are the results of Office of Special Education Programs (OSEP)'s targeted monitoring and support? How are you communicating the results of the monitoring to the state grantee or to the public?
When do you anticipate having baseline data and performance targets on the two State Report Card metrics?

Hi Jason,
Here is the soft copy (and the proposed cover letter) for the (b)(5) we discussed on Thursday. I also met with Jed and have him working on that more detailed schedule. I just need to review his draft, and then I'll send that to you as well. I want that to accompany the letter as an Appendix, so that the readers of the letter can map the findings and charges more easily.
Please let me know if you have any questions.
Thanks,

With the recent announcement of a pending reorganization, it is more important than ever that we operate as a unified leadership team.
Although our work differs in some respect from group to group, the way we lead people and
manage the work must be based on a shared vision of what we want to be as a leadership team, and the culture and climate we want to foster within OESE.

It is vitally important to prepare ourselves as a team to implement the reorganization and deal with the challenges and opportunities in our path. We will take time in this session to develop a shared understanding of challenges ahead, and share our hopes for a path forward we can agree will be best for the organization, and those we lead.

We believe that we have the talent, knowledge, and experience to make the transition and create the culture we desire for ourselves and our staffs—so long as we act as a team.

AMERICAN OVERSIGHT

Eric Collier will be in touch with you about the agenda for the next session and will ask for your input for the session from two specific perspectives:

What are the essential characteristics of the culture you desire for OESE?
What obstacles block our path to the future we desire for our organization?

Per email sent to Jason from Ben Grover ---

"Hi Jason,

I was wondering if you might have some time on Thursday or Friday of this week to meet with Chris Murray and Christina Culver with the Success Academy Charter School federal team. They just wanted to touch base on CSP language that was included in ESSA and future rulemaking.

A bit more about Success Academy Charter Schools; they are currently made up of nearly 50 schools in the NYC-area serving approximately 17,000 predominately low–income, minority students. As well, in last year's NY state exams, the school's current scholars scored in the top 1% in math and top 2% in English Language Arts.

Ebony suggested that we meet with you as she is out of town. Chris and Christina do not believe they would need more than 20 minutes of your time. Chris and Christina are happy to do a call instead if that would be preferable.

Thank you,
Ben

Please try to bring copies of the handouts, if possible. There will be a limited amount available at the meeting for those who cannot print the handouts prior. Thank you.

This meeting will be used to discuss the initial topic categories assigned to ED re: the School Safety Commission. This is for purposes of staffing the discrete issues and ultimately drafting the discrete parts that will go into a report at the end of the Commission's work.

It is critical that the principal office leaders attend this meeting and they should feel free to bring the person(s) whom they will assign to work on the discrete issue topics.

programs at the high school level. AASA has been cooperating with the Dept. of Labor on this initiative and is ready to involve superintendents from around the nation. We believe that superintendent involvement is critical to this effort. How can we work with the Dept. Of Ed to realize this initiative? I know that a committee has been established at the Federal level. Can AASA be included? AASA is very supportive of Personalized Learning. We gave the Secretary a copy of our book the first time we met with her last year. We have a Personalized Learning Cohort that involves over 50 districts from around the country. The Cohort meets twice a year and stays in touch year round through webinars and social media. We want to increase the number of districts. I was pleased to read that the Secretary supports Personalized Learning. How can we work together to advance this agenda?"

I hope that you've been doing well since we last connected! I am out this week for spring break, but have availability the week of the 2nd and the week of the 16th. Langley (CC'ed) can help confirm on my end if you're available. Looking forward to hopefully talking more soon.

Subject: RE: MEET: Discuss Indiana Waiver

Good Afternoon All,

I have copied the response from the Indiana Governor's Office below. It includes both drafted talking points as well as a few additional asks around notification. I do want to point out that the Department may not agree with some of the assumptions made in these talking points, particularly around the actions of the State Legislature this past session.

I defer to Jason, Peter, and other leaders on this email for the specific timing, but I did want to flag the Gov.'s request to be notified when we are about to notify the congressional delegation. Happy to facilitate any other follow up as needed.

Let me know if anyone has any additional questions or concerns.

Cody and Adam,

Thank you both for the call yesterday to keep us up to speed as to the waiver request. Below is the high level overview of what we put together for Governor Holcomb. In addition to letting us know when you reach out to the IDOE, could you also let our office know when you reach out to the delegation. As Dr. McCormick has been working closely with them on this request, I imagine that she may be notified before the IDOE receives the information from your office. Additionally, if you could let Stephanie Wilson, the Governor's Press Secretary, know when you send out the notifications as well that would be extremely beneficial. Our Communications Director and I will both be out this upcoming week, and we want to make sure that everyone that needs to know is notified.

Subject: RE: MEET: Discuss Indiana Waiver

Good Afternoon All,

Apologies for the delayed response, Indiana took a while to get back with me today. Adam and I just spoke with the Governor Holcomb's GEPA and he indicated the following:

(b)(5)

With respect to timing, they have indicated that they are comfortable with us proceeding as we normally would. Therefore, while I would suggest we wait for the IN talking points, we do not otherwise have any additional constraints on sending the denial letter to Congress and ultimately the state. I defer to Jason and Peter on the preferred timing.

Please let me know if I need to have any additional follow up with IN, and I greatly appreciate being kept in the loop as this gets rolled out.

Sincerely,

Please

Subject: RE: VIDE Project Serv

Good Morning Guys;

Both PRDE and VIDE SERV grants have been awarded, are active and funds can be drawn down in G5 , but it was decided to change their funding stream from the 84.184S CFDA to 84.938G because we are now using funds allocated from the bipartisan budget plan.

The front office approved this change and a slate memo was signed and approved by Jason and Lisa, so they have always been in the loop.

Also, I contacted the grantees (TX, PR and USVI) back in February letting them know this was occurring and I also emailed them earlier this week to let them know the process was completed. They also received notification from G5 about their new GANs.

All the requirements and management of the grant remain the same, they just have new award numbers (below) and now have 24 months as their new project end date. Both PRDE, Yanin Dieppa and VIDE, Maria Melendez acknowledge receipt of the new GAN and understood they need to access their grant in G5 using the new award number.

I hope this answers Dr. Ramirez's questions, let me know if I can help with anything else.

Hi Lisa,

Thank you again for taking the time to meet again last week and for your willingness to problem solve with us. Attached is the opt-out data we spoke about. Note that 32 of the 270 Utah schools with an opt-out rate above 5% are Title I schools (12%), whereas about one-third of our schools overall are Title I schools. (b)(5)

Jason will introduce the Secretary at this time*
Per Cody's email ----
Background:
Since the beginning of this Administration, Secretary Mnuchin and the Department of Treasury have enumerated a number of priorities in the financial literacy and financial education space. Of those priorities, the task to convene a meeting of the nation's stakeholders on financial literacy, specifically in the K-12 space, falls directly under the Department's purview. Additionally, Secretary DeVos indicated her support for financial education programs by including the subject area in her finalized, supplemental grant priorities. Therefore, Department staff have been working with staff from Treasury, and the other FLEC agency members, to create an event celebrating financial literacy during April of 2018, which is National Financial Capability Month.
On April 27, 2018, the U.S. Department of Education, in conjunction with the Financial Literacy and Education Commission (FLEC), will tentatively host a one-day convening of state and local leaders in the financial education space. The primary goals for the convening will be to share and spotlight promising state and local led K-12 financial education practices, especially those that pursue partnerships with private sector institutions; promote the sharing of ideas among state and local leaders; highlight federal resources to support state and local activities and establish a community of practice among participants. We will invite Chief State School Officers and their financial education staff, State Treasurers and other officials involved in youth financial education, as well as private sector entities interested in improving financial education for children and youth through K-12 education, including FLEC member agencies. The convening will include main presenters and breakout sessions. Following the convening, states will have the tools necessary to pilot or improve current programming and effectively track progress of their students. We expect that the FLEC and its member agencies will provide additional follow-up support (technical assistance) to participating states for their ongoing work. The convening will further support the Administration in improving financial outcomes for our youth. This event will raise the visibility of financial education on a state and local level, allowing key stakeholders to build financially capable citizens for the 21st century.

Subject: Follow-Up
Jason,

Thank you again for taking the time to meet with me and my colleagues last week. You should be receiving by regular mail the attached letter that Dr. MacDonald is sending Sec. DeVos expressing his appreciation as well.

I also wanted to touch base to find a good a time for someone from our research area to brief you on the status of research and practice in measuring student skills such as grit and other areas of social and emotional learning. If this would be of interest, let me also know if there are others from the department that would be interested and I can start to sync schedules.

Best regards,

Nancy Segal

Time 10:00 AM – 10:30 AM
Subject MEETING: Mark Larson from KIPP
Location Jason's Office 3W315/Conference Call
Show Time As Busy

Meeting Name: Meeting with Mark Larson and several others from KIPP
Purpose: Per Jason's email ---
"I've got a question that I would like your help with, please. We are trying to work out a charter-district partnership here with San Antonio independent school district that would involve us effectively merging with them. A deterrent to us making this choice right now is that we currently receive Title 1 funds for all of our low income students regardless of where they live, but if we joined with SAISD, the district would only get Title 1 funds for the students that reside within their school district. Therefore, we would lose a significant amount of funding because about 30% of our students live in other neighboring districts.

I believe that TEA has reached out to your team with this question, but I wanted to flag it for you because we have a clear preference that would facilitate school choice and keep charters from being penalized for working with districts."

Hi Jason,
NCAI is at the Marriott Kansas City Downtown in Kansas City, MO.
The conference is from
June 3-6
ANEP is planning to do their consultation on Sunday, June 3rd from 1:00pm - 5:00pm. This would be separate from the ED/BIE one. I'm not sure if he wants to do it on the same day or another day or if he knows. Dedra might know. .

Hi Lisa andJason,
I'm truly happy you came to Albuquerque and were able to visit the Pueblo of Isleta. Thank you for your leadership and making it a good tribal consultation.

I'm sure Pat Johnson will inform you but I just wanted to forward this to you. I sent this to her and the group earlier today after our morning meeting. I spoke with John Tahsuda here in Albuquerque at the Tribal Self -Governance conference.

Sent to Pat and the group
I spoke with John Tahsuda. He wants to move forward with the consultation with ED and BIE at NCAI. He will be in communication with Jason Botel. Can you kindly let Jason know? John is traveling this week but can be reached. If Jason doesn't reach him directly he may want to coordinate with Nedra Darling, Director of the Office of Public Affairs as she is traveling with John.

As we work on formulating the Opioid Challenge, I thought you might this meeting useful to gain an understanding of how we structured our Challenge task order, the various stages in the design and development process, how we engage with outside finding sources, and the communications planning that goes into the Challenge. There will be opportunities throughout the meeting to ask questions and participate in the conversation.

You can find more information about CubeSats here: https://www.nasa.gov/directorates/heo/home/CubeSat s_initiative

Feel free to forward to other ED colleagues you think might be interested in attending.

We ask that your agency principal (or designee) use their time to provide a high-level 1-2 minute overview, highlighting the areas where there is synergy with the work of the BIWG and opportunities to coordinate with other federal agencies.

Colleagues:

Welcome to the refreshed Regulatory Reform Task Force! Elizabeth, Hilary, and I would like to inform you about a few new developments and to provide several reminders.

Membership. I have attached an updated membership list to take into account recent arrivals and departures. I ask that you not forward this invitation to others without prior approval from Elizabeth and me. Given the lower frequency of the Task Force meetings (see below), we would appreciate you making every effort to attend in person. We realize that there are unavoidable conflicts (negotiated rulemaking, Hill meetings, etc.), but the expectation is that each member will attend monthly meetings of the RRTF. Obviously, you will continue to work with your staffs internally within your POC.

AMERICAN OVERSIGHT

Meetings. The Task Force will meet monthly (fourth Thursdays) (or as needed). Accordingly, I have cancelled the weekly recurring invitation and replaced it with this one. In this manner, we will cut down on the number of cancelled meetings and focus everyone's energies on a single monthly meeting.

Next Steps. With regard to ongoing activity, our next steps are for the agency to complete its response to the House Government & Oversight Committee request for information concerning guidance (ideally, by (b)(5)) and for each POC to complete its review of regulatory review comments from the public. At the January 25 meeting, each POC should be prepared to provide the following:

(b)(5)

Hilary and Alisa are also working on ways to refresh and renew the Department's Regulatory Reform website and will provide a brief update on that project.

Unified Agenda. I have attached the most recent Unified Agenda . As you know, the Unified Agenda publishes twice a year—generally the Spring Agenda publishes in April and the Fall Agenda in October. As we have discussed previously, if you wish to publish a rule (including a proposed rule or rescission), you must include an entry for it in the most recent agenda. So, if you plan to publish a rule between April and October, you would need to include an entry for it in the Spring Agenda. We will be requesting information from you for the Spring Agenda at the end of February/beginning of March. Please work with your staff to be prepared to respond to these requests. This is a critical matter —the Department's proposed Strategic Plan and related performance metrics with OMB take these items into account.

Please let us know if you have any questions. Many thanks for your work on this important project.

Regards,
Bob

JWYTvg16pMg&e=" National YoungArts Foundation in LBJ. The exhibit will feature 2018 YoungArts Winners in Design, Photography, Visual Arts and Writing. The opening will also feature a spoken word performance, and remarks by Jason Botel and the director of education at YoungArts. As you may know, the Presidential Scholars in the arts are chosen from among the YoungArts winners.

We are honored to host this exhibit and to invite you to be a part of the opening.. In particular, we believe this will be a superb learning experience based on the theme of the exhibit – Total Tolerance –, evoking important conversations among us.

The works on view celebrate religious, cultural, gender and racial diversity. Whether the artists are creating work that is directly rooted in their own lived experiences
or sharing their personal views on issues of inequality and social justice, they are united in rejecting narratives of intolerance.

With a deliberate and critical eye, we find these artists questioning existing systems and prescribed outlooks through their practices. Total Tolerance evokes a process through which representation and dialogue can take shape to call for alternative, inclusive perspectives on the very real issues of the day.

We hope you will join us and the student artists for this important celebration and conversation. The details of the event are below.

Subject: Meeting with the OIG staff who will be conducting audits of the Disaster Relief Programs

OVERSIGHT

Hi everyone
As I mentioned to a couple of you, the OIG staff would like to meet with the relevant staff to discuss their audits of PR & VI. See email below
I know that May 3rd works for the OIG staff.
I am not sure who should serve as the point of contact to set up the meeting.
...Joe...

~~~~~~

Email from OIG

Hi Joe and Phil,

To follow up on our last meeting where we discussed our very preliminary plans for oversight of Disaster Recovery efforts, we are planning initial visits to Puerto Rico and the Virgin Islands in late May and Texas in early June where we will meet with state and local officials to better understand the impact they have felt and how they are dealing with it and their plans for the future. (Note, we are not starting audit work yet, but are conducting these visits as part of our planning efforts)

You mentioned that you thought it would be helpful for us to get an overview of the Department's efforts and plans, and we would like to establish a good chain of communications as we plan and start our work. I know the Department is very busy getting things up and running, but would it be possible one of the first two weeks in May to have a short meeting on the Department's plans? It would be especially helpful if we could also discuss any known challenges that Puerto Rico, Virgin Islands, and Texas may face in administering these funds. Both our audit and investigative teams are interested in attending.

If you can share a point of contact, we'd be happy to work with them to arrange a time for the meeting.
Thanks for your assistance in facilitating this meeting. As always, please give us a call if you have any questions."

"Hi Damaris, Debbie, and Jerine,
Thanks so much for placing holds on Jason, Lisa, and Mark's calendars! The idea is that Celeste Rodriguez's team will provide you all with a list of teachers to call and thank. There is the potential for OCO to coordinate social media during these calls (periscope, facebook live, etc.). I'll assist Celeste, but will advise her to coordinate directly with you.
-Please let Celeste or myself know if Jason, Lisa, and Mark have a particular area/topic that they'd like to focus on. For example, would Lisa like to speak with teachers from rural schools, Jason speak to teachers related to teacher leadership, Mark speak with teachers about mentorships, etc. This will help inform Celeste in finding teachers that might share a similar passion/interest.

Here's a brief rundown on the events/opportunities currently scheduled for Teacher Appreciation Week.

Subject Walk and Roll Appreciation Stroll
Location Meet in LBJ Lobby at 9:30am
Show Time As Busy

Dear Team,

As you know, May 6-12 marks the annual celebration of Public Service Recognition Week, a time to pause and honor the great work of public servants. Of course, this same week is also Teacher Appreciation Week.

It is no coincidence – indeed, it is appropriate – that both professions are recognized on the same week. Every teacher, in every school, performs a public service by educating America's youth. So too does each employee at the Department, in every office, help support students' success. Our mission – serving students – is the same.

As part of the Department's work to recognize your efforts, please join me, department leaders and your colleagues for a Walk and Roll Appreciation Stroll on Tuesday, May 8. Enjoy the warm weather while taking in the spring blooms during this 30-minute walk on the National Mall. We'll gather in the Maryland Avenue lobby (west), LBJ Building, at 9:30 am and reconvene after the walk for healthy snacks and conversation.

9:30 am – Welcoming Remarks
9:35 am – Walk Kickoff
10:10 am – Light Refreshments

If you require a reasonable accommodation to participate in this event, beyond sign-language interpretation services, please contact Okhee Shim (OM) by phone at (202) 453-6957 or email HYPERLINK "mailto:Okhee.Shim@ed.gov" Okhee.Shim@ed.gov.

I remain humbled and grateful to be surrounded by so many dedicated public servants here at the Department and look forward to

Jason will join from 9:30-10:00am

Purpose of meeting:

"Hi Jason and Sara,

I am reaching out today on behalf of the American Library Association (ALA) to request a meeting on Tuesday, May 8th for a group of ALA members that will be in Washington, DC for ALA's annual advocacy day.

They would love to meet with you both, if possible, to discuss the role that many libraries across the country are playing in providing academic enrichment opportunities such as summer learning and other out-of-school time programs as well as the impact that libraries are playing in improving digital literacy, STEM and coding/computational skills for students. Sara, I understand you have met with ALA representatives in the past on libraries and technology issues.

If possible, we would love to do a joint meeting with you both since many of the libraries that will be represented in the meeting work in these overlapping issues areas.

Might you both be available for a meeting with a group of 9 ALA leaders on May 8th anytime between 9-11:30am or anytime between 2:30-6pm?

We thank you very much for the consideration and look forward to hearing from you soon!

Thank you!

HI, EVERYONE! PLEASE SEE ATTACHED FOR DRAFT FUNCTIONAL STATEMENTS, WORK EXAMPLES, AND KNOWLEDGES, SKILLS, & ABILITIES FOR THE GRANTS MANAGEMENT TEAM, EFFECTIVE PRACTICES TEAM, AND STATE AND GRANTEE RELATIONS TEAM.

EVERYONE HAS SEEN EARLIER DRAFT FUNCTIONAL STATEMENTS FOR THE FIRST TWO TEAMS, BUT WE'VE PROVIDED MORE DETAIL IN THE NEW VERSIONS WHICH HOPEFULLY WILL BE HELPFUL.

IF YOU CAN, PLEASE REVIEW BEFORE TOMORROW'S MEETING. REMEMBER THAT THESE ARE DRAFTS. WE'LL START THE MEETING WITH YOUR OVERALL IMPRESSIONS OF THE DOCUMENT AND THEN MOVE THROUGH EACH FUNCTIONAL STATEMENT AND THE RELATED EXAMPLES.

BEFORE THE END OF THE MEETING, WE'LL DECIDE WHETHER WE NEED ANOTHER MEETING OR CAN HANDLE ADDITIONAL EDITS OVER EMAIL.

THANK YOU!

MARGO

Hi, everyone.....

First of all, thank you so much for your feedback-to-date on the proposed integration of OESE and OII. Before we present to the combined staff of both offices later this month, and then consider what follow up working groups we may need, we want to invite your participation in this meeting and probably two more to accomplish the following by the middle of the month:

Finalize draft Functional Statements for the Grants Management, Effective Practices and State and Grantee Relations; Teams.
Develop some examples of the role Grants Management and Effective

OVERSIGHT

Practices Teams would play in various work scenarios (e.g. discretionary grant competition, State Plan amendments, State profiles);
Provide Jason a couple of talking points that might be helpful context for the staff as to why we're doing this reorganization; and,
Anything else we think of that would help us all have a common understanding of the vision for the new organization

Please know we did our best to set this meeting around all our busy schedules. If you can't attend but are interested in participating, I'm happy to fill you in later.

By Monday (the 7th) , we'll send out any draft materials we have ready for discussion. Thanks, again, for your support!

Subject RecognizED: Culture Champions!
Location LBJ, TDC 1W126 / Skype Meeting
Show Time As Tentative

Do you want to help make ED a great place to work? Come out for the May 9th RecognizED session to learn more about the ED Culture Champions network!

ED Culture Champions is a "ground up" movement designed to engage U.S. Department of Education employees at all levels and from all regions in making their workplaces positive and productive places to work. The Culture Champions program helps ED staff connect with colleagues from other offices with the goal of improving communication, collaboration, and positivity in the workplace. Culture Champions share best practices, communicate information about employee engagement initiatives, brainstorm potential solutions to challenges or concerns, and connect with each other to strengthen ties across POCs and regional offices. Anyone can volunteer to be a Culture Champion – from line employees to senior managers, including staff located in LBJ, PCP, UCP, and the regional offices!

Help make ED a positive and productive place to work. We'll see you on May 9th either in person or via Skype!

"Hi Jason,

We have not connected in a while, but wanted to thank you and your team for continuing to move these plans forward – this is great news!

The update call we had with you and your team a few weeks back was really helpful for us, can we get another one of those scheduled so we can get caught up on the last few states? I know the Oklahoma team reached out to us with a question or two not long ago, we would welcome an update on where they and the other remaining states are at this point.

If it works for you, I'll reach out to Damaris and see if we can find a time that works.

Thanks, and thanks for continuing hard work on these plans!

Best,
Steve"

Thank you Norris.

I currently only have Secretary DeVos as our Ex-Officio member. She does not need to attend the meeting, however we do need a Federal Representative and/or a designee (as stated below this is historically the Deputy Assistant Secretary) to attend if possible.

I currently do not have any up to date information on who may be listed as the designee or who may be acting as the federal representative. I will need the names, phone numbers and email addresses for these individuals.

I also need the email and contact info for the assistant in charge of the Secretary's schedule, in order to send out save the dates and invites.

Thank You,

Any word on what you were able to find out about Unsafe School Choice?

Also, please refresh my memory on who has the pen and status on the Dear Colleague or equivalent that we talked about sending out on Use of Funds under Title IV A to give further clarity on its scope in light of recent events? One thing we had talked about was adding a paragraph or two to the Use of Funds Dear Colleague on such point.

It would be nice to get such letter out the door this month.

AMERICAN OVERSIGHT

Ebony,

I will be in DC next week working with several staff in ED. If possible, I would like to stop by your office for a few minutes to meet you. I can be available any time on Tuesday (May 15), late afternoon on Wednesday (May 16), and on Thursday morning (May 17).

A note on my background: I have worked in education over a long career, having been on both the business and nonprofit side. I was an Assistant Superintendent in San Diego Unified, the founding CEO of WestEd, Executive VP at ETS, and President of Harcourt Assessment, among other positions. I have been the Director of two RELs and one Content Center. If my experience can benefit you in any way, I would be pleased to offer my ideas.

Dean

Subject: Follow up from the Knowledge Alliance meeting about REL's and Comprehensive Centers

Dear Ebony and Jason,

I was unable to travel to Washington for the recent meeting between

OVERSIGHT

the two of you and Knowledge Alliance members about the Regional Educational Labs and the Comprehensive Centers. My colleague who attended, Patty Troppe, thought it would be useful for me to provide you some information about the work of the Building State Capacity;; and Productivity (BSCP) Comprehensive Content Center, which relates to questions you asked. Let me give you some highlights of our current work.

The BSCP Center works with states to build their capacity to successfully implement reform initiatives. Currently we are focusing on four priorities that respond to states requests.

Assisting states to meet the financial transparency reporting requirements of ESSA. The new reporting requirements are challenging for states and many were unprepared respond. We have now worked with over half of the states, 17 of them intensively, to build their ability to respond. We have developed tools to guide them, hosted webinars and meetings, and worked with states individually. That work has been evaluated favorably by states.

Creating the ability of states to develop meaningful strategic plans and turn them into performance management systems. This work demands intensive support over a two- year period for states to comprehensively examine every aspect of their systems, create actionable plans to drive reform initiatives, and create a performance management system to assure that the plan is fully implemented and sustains over time. We have had intensive engagements with AR, KS, BIE and VIDE that are now, or soon will be, sustained by those entities. We are also initiating engagements in MO and OR in support of individual divisions of those states focusing on CTE and school improvement, respectively.

Establishing strategic communication systems. States have asked the BSCP Center to help them build the capacity to be strategic and comprehensive in communicating with all stakeholders. We have provided direct support for AR, KS and MI to implement and sustain such capabilities. Also, we have developed a Communication Toolkit that provides step-by-step guidance for all states, local districts too, to become strategic in their communications.

In response to our program officers at ED, we are creating a portal, which will make the rich resources of the Comprehensive Center system easily accessible through a single source. Both Content and Regional centers have created a useful array of resources that many education agencies will find valuable. The portal will also provide an efficient mechanism for communicating among the centers.

I hope this brief synopsis addresses your inquiry about capacity building by the Comprehensive Centers. I would be pleased to answer any questions you might have.

Sincerely,

Dean Nafziger
Director

Meeting Name: Meeting with Rich Meade and Jose Enrique Fernandez from Kinesis Foundation
Purpose:
Per email to OPEPD ----

"... by way of introduction, I was former Congressman/OMB Director Jim Nussle's Chief of Staff and Budget Committee Staff Director before I joined Charlie Black's firm Prime Policy Group.

For many years I represented the trade association that PHEAA was a member of and worked closely with Jim Preston.

I represent the Kinesis Foundation in Puerto Rico which is helping at-risk children in public schools work to go on to higher education. Their work is quite remarkable in terms of the success of the graduates of their program.

Kinesis had worked closely with the Department of Education in the past Administration but has not yet re-engaged. I was hoping to set up a meeting with you or someone on your team to brief you on what Kinesis is doing in Puerto Rico and see if there are ways we can partner with the Department. I will have in town Ambassador Mari Carmen Aponte the week of February 19th if it is possible to have a meeting that week.

Do you have 10 minutes to chat about this at your convenience?

Our hope is to have both senior leaders and program directors to attend—with senior leaders leaving after the first hour to give space for discussion with just supervisors. Here is the planned schedule. MEETINGS ARE VOLUNTARY. Please do not distribute or share with employees prior to our announcement of the same at the All-Staff meeting. assessments.

We recognize that the supervisors have not been in as many discussions as the program directors, so we will use these conversations to share more, answer lingering questions and hear additional ideas you may have. Our hope is to have both senior leaders and program directors to attend—with senior leaders leaving after the first hour to give space for discussion with just supervisors. Here is the planned schedule. MEETINGS ARE VOLUNTARY. Please do not distribute or share with employees prior to our announcement of the same at the All-Staff meeting. Sessions are BYOB—bring coffee or snacks with you.

Subject: Invitation – Demand Reduction Executive Steering Group (ESG) Special Session on Addressing the Opioid Crisis in Rural Communities- May 17, 2018 from 1:30 - 3:00pm

May 2, 2018

Dear ESG Member:

Our Nation's rural communities have been particularly hard-hit by the opioid crisis. Several agencies are on the front lines of the crisis in rural communities across the Nation, working with them directly or providing resources to confront the epidemic and other challenges they face, and helping them find pathways to resilience and success.

Coordination of our efforts to address the opioid crisis and substance use disorder (SUD) in the Nation's rural communities is essential. It is for that reason that the Office of National Drug Control Policy (ONDCP) is convening this special session of the ESG in coordination with USDA. The session will be Thursday May 17, 2018 from 1:30-3:00 p.m at the White House in Room 350 of the Eisenhower Executive Office Building.

Please confirm your ability to attend no later than May 14, 2018 by submitting your clearance information at https://events.whitehouse.gov/?rid=VHDJRT9T69.

The purpose of this meeting it to identify opportunities to improve coordination of and reduce potential overlap among the Federal responses to the opioid crisis and SUD in rural communities and to specify one or more specific deliverables for a Rural Opioids Workgroup.

The attached document identifies a sample of programs and funding in the Federal budget that are relevant to addressing the opioid crisis. We ask that your team add to it information on funding and programs under your purview that have a potential nexus with efforts to address the rural opioid crisis and SUD in rural communities. Please submit the completed document to Jamila Robinson by Friday, May 11, 2018 at the email address below.

If you have questions or would like to propose a principal to take your place, please contact Jamila Robinson at HYPERLINK "mailto:JRobinson@ondcp.eop.gov" JRobinson@ondcp.eop.gov.

Respectfully,

Subject #2 - Facilitated Session on Proposed OESE-OII Reorganization
Location 1W128
Show Time As Free

Dear Colleagues,

As discussed at the All Staff Meeting, we have planned a total of six facilitated discussion sessions to be held during the week of May 21 – 25, 2018. They have been scheduled to address the overall proposed reorganization between OESE and OII. The intent for these sessions is to foster continuing feedback about ideas, respond to concerns or questions, and hear any additional recommendations you may have.

This is session #2 and it will be led by Monique Stevens, an outside professional consultant. ALL MEETINGS ARE VOLUNTARY, however, there are space limitations.

Please accept this invitation, if you plan to join us at the SECOND facilitated session on Tuesday, May 22 from 1:00 – 3:00 in room 1W128.

Thank you.

Hello everyone,

OVERSIGHT

We look forward to seeing you at next week's Office of Safe and Healthy Students Title I, Part D Coordinators National Conference! Below is a link to the conference materials and logistics information to help you prepare.

Materials:
The conference program and materials are now available on the ND Communities website: https://ndcommunities.ed.gov/2018-oshs-tipd-coordinators-conference
We will have printed copies of the program for you; the program includes the agenda, bios, participant list, maps and directions, shuttle information, and most of the handouts. We will not be printing slides and a few large handouts; these are on the website above and you are welcome to download them to a laptop or tablet and bring them with you, if you'd like.
There will be a panel discussion and breakout session on state plans; for those sessions, it may be helpful for you to have access to the Title I, Part D section of your new state plan.
Check-in and registration:
The conference is taking place at the American Institutes for Research (AIR; 1000 Thomas Jefferson Street NW / Washington, DC / 20007). When you arrive at AIR, please have an ID with you and stop at the security desk to check in.
NDTAC staff will be at the security desk to greet you and walk you to registration, which opens at 7:30am ET on Tuesday, May 22. The conference will begin at 8:30am ET.
Directions:
The conference program, and the conference registration website (https://neglected-delinquent.ed.gov/2018-office-safe-and-healthy-students), have area maps and directions for how to get to AIR.
Shuttle: For those of you staying at the Melrose Hotel (2430 Pennsylvania Avenue NW / Washington, DC / 20037), we will have two shuttle buses (marked with "NDTAC") to take you to and from AIR. Please see the program or conference registration for the shuttle schedule.
Walking: If you prefer to walk to the conference, please allow about 15 minutes to get to AIR from the Melrose Hotel. See walking directions in the conference program or the registration website.

If you need anything before Tuesday, please let me know (HYPERLINK "mailto:kdeal@air.org" kdeal@air.org, 202.403.5190). If you need anything while you are here, please contact Simon Gonsoulin (NDTAC's director) at 225.955.5182 (cell)—he is also staying at the Melrose Hotel—or me at 407.432.1943 (cell).

Safe travels, and see you soon!

Meeting Name: Meet with Lisa Bishop
Purpose:
Per Lisa's email ---

"Hi Jason,

It was great to see you briefly yesterday! As I mentioned, I am fairly new to my role as Senior Education Advisor here at CNCS, and would love the opportunity to connect briefly and get your sense of the education landscape with in USDE as well as more broadly at the national level.

Of note, we recently released a HYPERLINK "https://www.nationalservice.gov/focus-areas/education/superintendentsprincipals-toolkit" toolkit to help principals, superintendents and others determine how our resources could help them meet their needs. Several of the models we highlight in it directly support ESSA priorities and my predecessor, Heather Rieman, presented on it at the Title IV Directors meeitng earlier this year. I would be very interested In your thoughts about how we might be able to get the word out about our resources.

Is there someone in your office I can connect with to get a brief meeting with you in the next few weeks?

Thanks,
Lisa

Purpose:
"Subject: FW: Invitation to Present: 2018 National Forum on Education Policy
Jason:

I hope you are doing well as I know you are always super busy. I wanted to follow-up on two important things:

ECS National Forum: We have not heard from Sec. DeVos re our National Forum (June 27-29 in Washington DC), and I wondered if you would be able to represent the US Dept. of Ed to talk about some of your key priorities and provide our attendees with perspective?
A chance to connect: Much like our meeting back in January, I would welcome meeting again to see how we can assist your work and where we can partner more in the future. I am in DC the following days and would welcome a chance for us to connect:
May 3: noon -2pm or 4-5pm

Dear Colleagues,
In our continued commitment to promote a diverse and inclusive environment, we would be remiss if we did not discuss Diversity and Inclusion and why it is essential to the reorganization. On Thursday, OESE will host a special session "Diversity and Inclusion & Why It Matters To The Reorganization." What better time than now to leverage our diverse backgrounds, talents, experiences, and recommit ourselves to achieving a shared understanding of diversity and inclusion to ensure we all feel empowered to grow and do our best work as we move forward through the reorganization process. We believe that this session will help us be better informed during planning discussions.

Please join us for an interactive presentation and discussion with Taharee A. Jackson, Ph.D.
Dr. Taharee A. Jackson is an Assistant Professor of Minority and Urban Education in the Department of Teaching and Learning, Policy and

Meeting Name: Meet with Schoolhouse Connection; Homeless Youth
Purpose:

Per Barbara's email ----

Hello Jason

We met last June, when I brought formerly homeless students to meet with you to discuss their educational challenges and their successes. Those students were very appreciative of your time and attention, and continue to tell us that it was an empowering experience for them.

We have another group of 12-15 youth who are coming to Washington DC next month from across the nation. Despite having experienced homelessness throughout their childhoods, and into young adulthood, most of them are still pursuing their education at the postsecondary level.

Once again, we would love if these youth could meet with you. They are available all day on Monday, June 11, and after 1:00pm on Tuesday, June 12.

(The youth will be speaking in a facilitated briefing as part of the HYPERLINK "http://educationleadshome.org/" Education Leads Home campaign on Tuesday morning.)

Thank you very much for considering this request!

Take care,
Barbara

Meeting Name: Meeting with Commissioner Matt Blomstedt and around 7-10 individuals
Purpose:
Per Jessah's email ----

Hi Adam,

I wanted to let you know that Commissioner Blomstedt will be in Washington, DC, on Monday, June 11, with leadership from the Nebraska Council of School Administrators (around 7-10 individuals – confirmations forthcoming). This group asked for our help in arranging a meeting that day with Jason Botel, in order to engage on local, state, and national issues.

Any chance you can help in arranging this state and local group meeting?

Thanks!
Jessah

Subject FW: Leadership that Improves Performance – The Path Forward - 36479
Location LBJ - Room 1W126
Show Time As Busy

This is a friendly reminder that we look forward to seeing you tomorrow at 8:30 am, Room 1W126, for Leadership that Improves Performance – the Path Forward.

OVERSIGHT

With the recent announcement of a pending reorganization,
it is more important than ever that we operate as a unified leadership team.
Although our work differs in some respect from group to group,
the way we lead people and manage the work
must be based on a shared vision of what we want to be as a leadership team,
and the culture and climate we want to foster within OESE.

It is vitally important to prepare ourselves as a team to implement the reorganization and deal with the challenges and opportunities in our path. We will continue our discussion on developing a shared understanding of challenges ahead, and share our hopes for a path forward that we can agree will be best for the organization, and those we lead.

We believe that we have the talent, knowledge, and experience to make the transition and create the culture we desire for ourselves and our staffs—so long as we act as a team.

Jason, Mike, Sean, and Mark, we're interested in hearing from you about the work of the Council and ED's efforts to support it. We have come up with a couple ideas around here that we also wanted to share and get your thoughts on. Could we set up a time to connect by phone next week?

Hi, Will –

In response to your question asking who is the ED point of contact for the Federal Interagency Council on Crime Prevention and Improving Reentry (https://www.whitehouse.gov/presidential-actions/federal-interagency-council-crime-prevention-improving-reentry/), the representatives for the work on this EO are jointly held by OCTAE and OESE. The leads are Mike Wooten and Jason Botel. The staff involved are Sean Addie and Mark Washington. I've copied them all here.

Thanks very much to Ebony for providing this information.

Mr. Botel can either fly into Newark Liberty International or take Amtrak to Newark. NJIT is a short cab ride from the train station.

Happy to chat with you further about the scope of the hearing, but in short, our members would like to hear about the Department's school security programs – any guidance, grants, training etc. that is provided – and how the Department is engaging with educational institutions

Hi Jason,

So you're aware, several WH imitative leaders, career staff, and myself will be attending this all-day event on 6/26. It has now been moved from NASM (across the street) to NSF (building in Alexandria) to accommodate more people. You and I had briefly talked about this event during our NSTC chat a few weeks ago.

If you choose to be a part of this panel, let me know if you'd likely help preparing.

Copying Ebony on this new development.

Thank you!

Good afternoon, neighbor!

I am writing to you as the (relatively) new Director of the Office of Head Start. I have been in this position only for a bit over a month. I come to OHS with 30+years in education, most of which was spent in the K-12 public school setting. This experience is rather unique for OHS and has caused me to focus a great deal thus far on school readiness and what that means for rising Kindergarten children.

I am interested in connecting with you. I am curious to see if there might be some intersections here between DoED and OHS. If you are open to discussion, let me know some good days/times to chat, and we can schedule something soon.

Thanks,

Time 9:00 AM – 9:15 AM
Subject Principals at Ed
Location Main Auditorium
Show Time As Busy

Title of Event: Principals at ED
Location: Main Auditorium
Audience: Principals and teacher leaders from around the country. Jason (at 9am) can address the importance of schools and school leadership continuing to look and develop school cultures around how we can increase student engagement and success though rethinking the instructional day of students.

For Jason's reference---below is a snap shot of the message/agenda that was sent to our Principals at ED participants for the day:

- Principals at ED participants will be placed in teams (four to five participants per team) to collaboratively write a white paper of three-to-five pages in length that describes how the instructional day of students can be rethought in relation to an assigned subtopic. Subtopics will include:
  - college & career pathways
  - CTE programming

OVERSIGHT

- family & community engagement
- social-emotional learning
- STEM
- instructional delivery/flexible learning spaces.

- Participants will be provided with some choice in regards to what team they will contribute. Participants bring a wealth of knowledge to the table and we are excited for you to work in a collaborative fashion with each other and ED staff.
- At the end of our learning session, we will have four or five completed white papers. Final versions of the white papers will be reviewed as a whole group and will be submitted to the OESE Department (Office of Elementary and Secondary Education) for review and will help inform and grow the knowledge of ED staff members and educators in general.
- Optional: bring resources that you feel may assist in the development and writing of a white paper that targets the subtopic areas that interest you or you believe may benefit another team.

Again, I would like to thank Jason for his time in order to contribute to the day's learning.

Hi Jason,

So you're aware, several WH imitative leaders, career staff, and myself will be attending this all-day event on 6/26. It has now been moved from NASM (across the street) to NSF (building in Alexandria) to accommodate more people. You and I had briefly talked about this event during our NSTC chat a few weeks ago.

If you choose to be a part of this panel, let me know if you'd likely help preparing.

Copying Ebony on this new development.

Thank you!

Jason – The lunch panel is our way to say thank you for all our guests who are giving us insight on the 5-year STEM Plan. The goal is to create a panel that can help share resources available to State STEM leaders. I will let Jeff explain more.

I am out this week for spring break, but have availability the week of the 2nd and the week of the 16th. Langley (CC'ed) can help confirm on my end if you're available.

Looking forward to hopefully talking more soon.

NASBE President and CEO Kristen Amundson to Retire

Alexandria, VA – After five years at the helm of the National Association of State Boards of Education, NASBE President and CEO Kristen Amundson has announced she will retire at the end of the year.

NASBE's Board of Directors has already named HYPERLINK "https://nasbe.us1.list-manage.com/track/click?u=7e36539e7ac7c6e6ffbb95b94&id=d453c1538c&e=1e313d2c5c" Robert Hull, NASBE's executive vice president, as Amundson's successor. Hull will become NASBE president and CEO in January 2019. Amundson will remain active in the association as senior advisor.

"NASBE has served state board of education members for 60 years. Our new strategic plan positions the organization for the next challenges facing education," Amundson said. "I am proud to have been part of that work."

"Kris has done an outstanding job leading NASBE in a time when state boards of education are more important than ever," said Dr. John Kelly, NASBE board chair and member of the Mississippi State Board of Education. "Her political savvy, combined with policy expertise and willingness to bring diverse players together, is the reason why NASBE has been such an important national voice and integral to helping states move the needle on education. We will miss her leadership but wish her all the best for a well-deserved retirement."

"This is such a critical time for states and state boards of education,

AMERICAN OVERSIGHT

and I believe the future is bright for NASBE," Amundson said. "The NASBE team and Board of Directors have never been stronger or more committed to helping our members ensure equity in education for all students."

NASBE is the only national organization giving voice and adding value to the nation's state boards of education. A nonprofit organization founded in 1958, NASBE works to strengthen state leadership in educational policymaking, promote excellence in the education of all students, advocate equality of access to educational opportunity, and ensure continued citizen support for public education. Hi all,

Instead of the daily Opioid meeting and phone call we hold, we are replacing it with an 11:30am phone call tomorrow morning. There will be no other call or meeting this week aside from tomorrow's call.

Dear Jason,

Hopefully this email will find you doing well! I've been meaning to email you to for the last several weeks but got caught up finishing up deadlines in the office before heading out to Mexico with the family for a week! I am also hoping that some sort of down time like that is near in your future also. I am working to try and make it to ED tomorrow afternoon for the Principals at ED meeting to support Scott and was wondering if you had 15 minutes or so to touch basis or grab coffee? If tomorrow doesn't work no worries I can meet with you at another time that works for you if you are available to meet. Would love to bend your ear on some next steps I am thinking about in my career and really just wanted some of your advice. I like to have as much perspective as possible from others who have already traveled a path unknown to me and those who I believe also model exemplar leadership. You are one of those people.

Let me know what works for you and we can go from there if you have any time. A call could work too! I know you are extremely busy and know that I have always and still very much appreciate you!

Warmest Regards,

Dr. Monifa B. McKnight

Hi All,

This year for Back to School we are planning to highlight great/unique programs across the U.S. and are seeking your help to expand Department representation.

Team comms is hoping to deploy all of you to different states during the week of September 10 – 14 while the Secretary is on her formal Back to School Tour.

We would love to know if you have any states/schools/programs that are high on your priority list to visit. We will then work to slot you all into states accordingly, ideally covering all of the lower 48 states (plus Puerto Rico) throughout that week.

All schools will need to be vetted by team comms before we move forward with contacting/planning.

OVERSIGHT

Please let Haley and I know your preferred locations or schools (if any) by Wednesday, July 11.

Thanks for your help in planning a great Back to School!

Sara & Haley

Subject Native Youth Engagement Session by INSPIRE at GW University
Location WDCFB6-240-20 (Managed)
Attachments Agenda_INSPIRE Visit July 10.docx
Show Time As Busy

Purpose:

To engage in with ten (10) Native American students from the following tribal affiliations: Alaska native, Navajo, Manominee, Siletz Indians of Oregon, Oklahoma Miss Choctaw & Native Hawaiian, Hopi, Nez Perce Tribe, Eastern Band of Cherokee, and Seminole Nation of Oklahoma. The HYPERLINK "https://inspire.naplp.gwu.edu/about-inspire-pre-college-program" INSPIRE Pre-College Program, is a full scholarship open to Native American, Alaska Native, and Native Hawaiian rising junior and senior high school students, including 2018 anticipated graduates, who want to spend 3-weeks (July 1-July 20th) on the George Washington University (GW) campus to learn about intergovernmental relations between tribal governments and the federal government. This listening session will allow for enhanced utilization of student experiential and anecdotal feedback on current and proposed education programs to help increase connections between the Department's policies and practices. From this dialogue, students will gain a clear understanding of the Secretary's priorities and, as a result, engage in meaningful conversations with tribal elders, leaders and mentors, youth advocates, and field experts on cultural values and community-based solutions for education.

Subject Lunch and Learn: Sec. DeVos and Swiss Expert Ursula Renold on Switzerland's Approach to Apprenticeships
Location Barnard Auditorium and Online
Show Time As Tentative

Join Sec. Betsy DeVos and her special guest, Dr. Ursula Renold, on Thursday, July 12, noon – 1 p.m. ET, for a Lunch and Learn discussion about the success of apprenticeship programs in Switzerland.
Bring your lunch and join the discussion in Barnard Auditorium. The event will also stream live on HYPERLINK "http://mediasite.ed.gov/" Mediasite and HYPERLINK "https://edstream.ed.gov/webcast/Play/d498e4940f464a5b8549c702f0561edd1d" EDstream.
Sec. DeVos recently visited Switzerland and witnessed the country's innovative approach to apprenticeships, under which the education sector partners closely with businesses to provide apprenticeships for students in a variety of professions. Two-thirds of current Swiss students pursue their education through apprenticeships. In contrast, only 17 percent of U.S. students do so.
From this form of technical education we learn that young people can be productive members of the workforce, that businesses can cultivate the next generation of talent and that hands-on learning should not be seen as a last resort for those who struggle in a traditional classroom setting
President Trump has directed his Administration to find ways to expand apprenticeships, joining with leaders from business, labor and education with the charge to expand the number of options to "earn and learn and to encourage the private sector and higher education to advance this important opportunity for our nation's economic future.

Dept. of Ed Colleagues,

FEMA is looking for some assistance in PR, specifically in these areas:

The request is for Department of Education staff to deploy to (1) assist with the grant DOED provided to PR and (2) provide expertise in resilient school construction.

Any thoughts?

Hello Jason,

Each year, NCES organizes the National Forum on Education Statistics and the StatsDC conference. I mentioned these to Ebony and asked if anyone in the department had any related policy or guidance they

OVERSIGHT

would like us to socialize during those meetings. Ebony mentioned you were working to finalize the language around the report cards and that might be a good item for NCES to begin socializing. Since the National Forum includes representative from the data offices for Departments of Education for all 50 states and most of the territories, it would be a good population with which to begin the socialization process.

Why don't we find a time next week when you can come by and visit with me about laying the groundwork for the new guidance during the National Forum meetings?
Best regards,
Lynn

All -

Throughout July, we are looking to diversify the stories submitted through HYPERLINK "http://CrisisNextDoor.gov" CrisisNextDoor.gov. We have incredible stories of people who have overcome addiction, but are looking for additional stories from first responders, business owners dealing with hiring issues, teachers working with struggling students, foster systems overburdened by the influx of children in need due to the crisis, and other lives touched by the crisis. Each of your agencies touch a unique part of the crisis, and we would love to highlight those aspects through stories.

We are asking each agency to help us collect three unique stories submitted directly to HYPERLINK "http://CrisisNextDoor.gov" CrisisNextDoor.gov or to HYPERLINK "mailto:Sondra.m.Clark@oa.eop.gov" Sondra.m.Clark@oa.eop.gov by Friday 7/27.

About the website:
HYPERLINK "http://CrisisNextDoor.gov" CrisisNextDoor.gov is a video collection site to share stories from Americans who are impacted by the Opioid crisis. The goal of this initiative is to demonstrate, through videos, the breath of the lives touched by the epidemic and to end the stigma of addiction. Users can record their story directly from their phones, or upload a pre-recorded video. Once submitted, all videos will be reviewed prior to being posted.

Stories submitted:

- Must be less than 2 min

AMERICAN OVERSIGHT

- Must be a personal story, not mentioning the full name or identity if talking about a 3rd party who is struggling with addiction.
- Should not advocate for non-FDA approved addiction solution

Thank you for your help with this initiative and please reach out with any questions or ideas for additional amplification.

I have a couple of time sensitive matters that I think are in your areas of leadership, and I would love the chance to touch base with you for a few minutes if possible. Any chance you have time for a quick call, or even coffee or something? Could Monday work (as I'm trying to get a little info before a separate meeting on Tuesday). Sorry for the short notice. If you can't talk Monday, almost anytime next week could work for me (as I'm starting on vacation). Thanks. Scott

(b)(5)

We'll also discuss the questions posed by the Deputy Secretary for Slide 12. Please review the draft before the meeting, and have a point person available to discuss the items related to the Strategic Objective and Metrics you are stewarding. We have to provide any additional updates or edits to the draft by Monday, July 30, 2018. Please see the PIO email and related link to the draft, below. AMERICAN OVERSIGHT

Colleagues,

Thank you so much for your submissions to the SharePoint site regarding your Quarter 3 activities and outcomes. The Performance Improvement Officer (PIO) team used what the goal teams provided to create templates for each strategic objective in preparation for the upcoming Quarterly Performance Review (QPR) on August 14. As noted in prior e-mails, The Deputy Secretary is interested in the QPR discussion focusing on outcomes achieved and overall impact. In addition to you reviewing for accuracy, the PIO identified areas where further clarification about the outcome the action intended to achieve and the evidence demonstrating it would be helpful. The PIO team also added a slide for each goal team to complete that focuses on FY 2019 and FY202 commitments and other discussion topics that the goal team thinks should be raised with leadership.

Please use the link below to access the current draft to conduct your review and make any edits. We will need all edits and comments by NOON, MONDAY, JULY 30, 2018. Please be sure to work with your goal and objective leaders as well as your goal team coordinator (in numeric goal order: Mark Washington, Phil Maestri, Jessica Ramakis, or Richard Smith) on your reviews.

Note: This document is being stored on the PIO SharePoint collaboration site. The link will bring you to a page showing documents that are currently in review and assigned to you. Please click the link to open the document. Once open, you may make comments and edits as you would any document (DO NOT check out the document). When you are done click save (top left disc with the green arrows). If you get a pop-up alert that someone else has made changes and requests you update your copy, please do so; SharePoint should preserve any changes you've made and merge with the updates.

Thank you so much and please let me, Ashley, Izzy, or Rob know if you have any questions.

Erin

Distribution List: ED Employees

Dear ED Team,

Many thanks to everyone who participated in the 2018 Federal Employee Viewpoint Survey (FEVS)!

ED's FEVS participation rate jumped on the last day of the survey to end at 65.4%. OPM will now review the data and adjust our preliminary response rate to account for partially completed surveys, employees without an email address, and employees determined to be ineligible for the survey. We anticipate receiving our final participation rates in August 2018. In the meantime, we have much to celebrate:

ED exceeded the preliminary government-wide participation rate by 28.4%.

4 offices exceeded ED's FY18 target participation rate of 80%!
OELA, OCTAE, IES, OCO

4 offices exceeded their previous year's FEVS participation rate.
IES, OCO, OGC, OPE

We want ED to be one of the premier places to work in the federal government, and your FEVS survey feedback is a significant factor in helping us achieve this goal. As I mentioned previously, amazing work environments don't happen overnight, but are the result of a long term commitment by all employees, supervisors, and senior leaders to sustaining best practices, implementing additional improvements, evaluating those changes, and being open to continuous feedback. It is hard work, but well worth the effort!

We anticipate receiving the survey results this Fall - your input will allow us to celebrate our successes in areas where changes have resulted in improvements, and to double our efforts in areas where we're still experiencing challenges.

We look forward to continuing to work with you to make ED the best place to work in the Federal government. Your opinions and ideas are

Thank you!

Directors,

The purpose of this meeting is to discuss development of FY19 performance plans and identification of common tasks to be included in each offices performance plan by grant function (e.g., grant making – steps leading up to and including approval of slate memos; performance review – risk assessment and conducting monitoring, etc.).
Examples of tasks will be provided by grant function with the performance plan shell.

Group Leaders are welcome to attend, as you deem appropriate.

*This was the best time next week considering individual schedules; my apologies in advance.

Subject Broadband Interagency Working Group "Milestones" Report- Next Steps
Location HOLD: EEOB
Show Time As Busy

Dear Agency Principals:

Thank you for submitting your agency's input towards the Milestones report; we're processing all of the content we received and plan to have a preliminary draft circulated for your review early next week.

As you know, given that this will be a public report, we are striving for plain-speak language that will be clear to a broad audience. Wherever possible, we would like to include examples of impact, whether already realized (in a completed agency initiative) or projected (in a proposed initiative). These may be presented as case studies or sidebars to illustrate agency accomplishments, so please consider what you may be able to contribute.

In addition, and perhaps most important, many agency actions need additional clarity, concrete outcomes, expected benefits, and a timeline. To that end, the Executive Leadership Team is working on suggested revisions, new language and questions which will be sent to you over the next week and/or reflected in the body of the draft report.

AMERICAN OVERSIGHT

We would greatly appreciate your attention and responsiveness to these requests as we are on a tight timeframe to finalize the report. Agencies will have another opportunity for final clearance in July.

On a final note, please hold Thursday, July 26 at 4pm for our next quarterly meeting at the EEOB. You will receive a calendar invitation separately from NTIA.

Thank you for your support for this important initiative.

Subject: RE: ERM Training

All,

We've tentatively planned 4 additional 90-minute training sessions in an effort to best align with your schedules:

OVERSIGHT

Thursday, July 19 in LBJ, 8:30-10am
Tuesday, July 31 in LBJ, 8:30-10am
Wednesday, August 1 in LBJ, 8:30-10am
Wednesday, August 8 in UCP, 1-2:30pm

As part of our plan to build a more robust Enterprise Risk Management (ERM) capability over the next 10 months, the goal of these training sessions is to provide you with an executive-level understanding of how we intend to implement and leverage ERM to maximize the Department's ability to succeed in achieving our goals and objectives. You also will receive 1.5 hours of credit toward the annual 24-hour leadership training requirement!

I'll send calendar invites to you, and please feel free to accept whichever invite works best. If none work, please let me know as soon as possible so I can try to find a better time that might accommodate you.

Regards,

Phillip Juengst, Senior Advisor
Office of the Chief Financial Officer

Subject: ERM Training

Colleagues,

As you are or may be aware, we are beginning the next phase of our implementation of a more robust Enterprise Risk Management (ERM) capability. The Office of the Chief Financial Officer (OCFO) has, in the recent past, delivered 90-minute executive-level training sessions on the senior leader responsibilities for ERM. OCFO will schedule a few more sessions this month (July) in an attempt to accommodate the schedules of those who have not yet completed the training. Please make every effort to attend one of the sessions.

OCFO will also begin to offer very soon more in-depth training for your staff, and in August the Senior Management Council will begin discussions about our corporate appetite for risk to help guide risk management decisions within each principal office.

It is essential that we have your active participation in this effort to ensure a shared understanding of how we plan to manage risk across the Department in a strategic, coordinate way to deliver better results for students, communities, and taxpayers.

A special thanks to those individuals listed below who have already completed the training. For those who have not yet completed the training, I, on behalf of the Office of the Deputy Secretary and OCFO, renew the request to you to complete the training.

If any of the information listed below is incorrect, please inform Phil Juengst, 202.245.8030, HYPERLINK "mailto:Phillip.Juengst@ed.gov" Phillip.Juengst@ed.gov of OCFO. Likewise, should you have any questions, please contact me at 202.260.3169, or Phil at the number above.

Thank you.

Jim and Soumya, thanks!

Soumya, I really look forward to working more closely with you! I will try to leave you alone next week, but I do appreciate you giving me your mobile number!

Jason, I look forward to working together. As Jim mentioned, I will be out of the office next week and back on July 30. If you need anything next week, Kathryn Meeley may be able to help and I will have my phone, if you need to get in touch. That number is (b)(6)

I look forward to connecting once I'm back.

Thanks and have a great weekend!

Jason,
Soumya and I were able to connect, and she knows about your taking leadership of OII next week. Feel free to connect with her at your convenience. That won't be next week, because she'll be on vacation.
Soumya,
The NPP has been signed and is on its way. It's been great working with you. Thanks for everything, and enjoy your week.
